Minor Injury Guideline

1. Introduction

This Guideline replaces the Minor Injury Guideline – Superintendent's Guideline No. 02/10 issued in June 2010, and is issued pursuant to s. 268.3 of the *Insurance Act* for the purposes of the *Statutory Accident Benefits Schedule - Effective September 1, 2010* (SABS).

This Guideline applies to documents specified in this Guideline that are delivered on or after **November 1, 2011**, regardless of the date of the accident to which they relate.

As required by section 268.3 (2) of the *Insurance Act*, this Guideline shall be considered in any determination involving the interpretation of the SABS.

For the purposes of this Guideline, the terms "injury" and "injuries" have the same meaning as "impairment" and "impairments" respectively as used in the SABS, and "regulated health professional" and "health practitioner" have the same meanings as in the SABS.

This Guideline is effective for any Treatment Confirmation Form (OCF-23) submitted on behalf of an insured person, or when the insurer has waived the requirement for an OCF-23, in respect of an accident that occurred on or after September 1, 2010.

The Pre-approved Framework Guideline for Grade I and II Whiplash Disorders (Superintendent's Guideline No. 02/09) remains in effect for Treatment Confirmation Form (OCF-23) forms that are submitted on behalf of an insured person, or when an insurer has waived the requirement for a Treatment Confirmation Form (OCF-23) form, in respect of an accident that occurred before September 1, 2010.

The objectives of this Guideline are to:

- a) Speed access to rehabilitation for persons who sustain minor injuries in auto accidents;
- b) Improve utilization of health care resources;
- c) Provide certainty around cost and payment for insurers and regulated health professionals; and
- d) Be more inclusive in providing immediate access to treatment without insurer approval for those persons with minor injuries as defined in the SABS and set out in Part 2 of this Guideline.

Consistent with these objectives, this Guideline sets out the goods and services that will be paid for by the insurer without insurer approval if provided to an insured person who has sustained a minor injury.

This Guideline is focused on the application of a **functional restoration approach**, in addition to the provision of interventions to reduce or manage pain or disability.

The SABS and this Guideline are intended to encourage and promote the broadest use of this Guideline, recognizing that most persons injured in car accidents in Ontario sustain minor injuries for which the goods and services provided under this Guideline are appropriate.

Usage of the Guideline by all stakeholders will be monitored on an ongoing basis, with a view to early identification and response to inappropriate application or interpretation of the SABS and the Guideline.

2. Definitions

This Guideline is focused on the application of a functional restoration approach in the management of minor injuries in the acute and sub-acute phases of the injury.

For the purposes of this Guideline:

- a) **minor injury** means a sprain, strain, whiplash associated disorder, contusion, abrasion, laceration or subluxation and any clinically associated sequelae. This term is to be interpreted to apply where a person sustains any one or more of these injuries.
- b) **sprain** means an injury to one or more tendons or ligaments or to one or more of each, including a partial but not a complete tear.
- c) **strain** means an injury to one or more muscles, including a partial but not a complete tear.
- d) **subluxation** means a partial but not a complete dislocation of a joint.
- e) **whiplash injury** means an injury that occurs to a person's neck following a sudden acceleration-deceleration force.
- f) **whiplash associated disorder** means a whiplash injury that:
 - (i) does not exhibit objective, demonstrable, definable and clinically relevant neurological signs, and
 - (ii) does not exhibit a fracture in or dislocation of the spine.
- g) **Functional restoration** refers to an approach in which the health practitioner is oriented toward function and to the delivery of interventions that help the insured person to reduce or manage his/her pain and associated psycho-social symptoms. Interventions are focused on what the insured person needs to do in order to function at his/her pre-accident level in his/her home and work environment. The insured person is assessed to determine the level of current functioning relative to these critical demands and any functional limitations that have arisen as a result of the injury. The interventions delivered by the health practitioner or by regulated health professionals coordinated or supervised by the health practitioner are then designed to address these areas of limitation such that the individual will be able to maintain and/or resume normal activities at home and at work.

- h) **Recommended interventions** refers to interventions that are ideally provided each time the insured person attends the health practitioner's clinic.
- i) **Discretionary interventions** refers to interventions that are provided at the discretion of the health practitioner based upon the specific needs of the insured person. These interventions **should not be interpreted** to be less important in the treatment of the insured person.

3. Impairments that come within this Guideline

Subject to the exception in Section 4 below, an insured person's impairment comes within this Guideline if the impairment is predominantly a minor injury.

4. Impairments that do not come within this Guideline

An insured person's impairment does not come within this Guideline if the insured person's impairment is predominantly a minor injury but, based on compelling evidence provided by his or her health practitioner, the insured person has a pre-existing medical condition that will prevent the insured person from achieving maximal recovery from the minor injury if he or she is subject to the \$3,500 limit referred to in section 18(1) of the SABS or is limited to the goods and services authorized under this Guideline.

Compelling evidence should be provided using the Treatment and Assessment Plan (OCF-18) with attached medical documentation, if any, prepared by a health practitioner.

The existence of any pre-existing condition will not automatically exclude a person's impairment from this Guideline. It is intended and expected that the vast majority of pre-existing conditions will not do so.

Only in extremely limited instances where compelling evidence provided by a health practitioner satisfactorily demonstrates that a pre-existing condition will prevent a person from achieving maximal recovery from the minor injury for the reasons described above is the person's impairment to be determined not to come within this Guideline. Exclusion of a person from this Guideline based on reasons or evidence falling short of this requirement is inconsistent with the intent of the SABS and this Guideline.

5. Providers able to deliver services within this Guideline

Providers who are able to deliver services within this Guideline are any health practitioners, as defined by the SABS, who are authorized by law to treat the injury and who have the ability to deliver the interventions referred to in this Guideline. The health practitioner may also co-ordinate or directly supervise the provision of services to the insured person by other appropriate health care providers.

6. Changing health practitioners within this Guideline

Where an insured person under this Guideline decides to change health practitioners while treatment services are being provided under a Block, the new health practitioner will inform the insurer, who will advise the new health practitioner as to what services have already been provided under the Guideline. The new health practitioner will then resume delivery of Guideline services.

The previous health practitioner may bill only 25% of the amount otherwise payable for a Block for each week or part week in which the previous health practitioner provided treatment under the Block (e.g., a health care practitioner who provided 2 weeks of treatment would bill 50% of the total amount otherwise payable for the specified Block). This information must be detailed in the "Other Information" section of the OCF-21. Payment to the new health practitioner will be limited to the balance of the remaining services under this Guideline.

7. The initial visit

a) Timing of the initial visit

The initial visit will ideally occur as soon as possible following the date of accident and health practitioners are encouraged to commence intervention during the initial visit.

b) Components of the initial visit

i. Assessment

In assessing the insured person, the health practitioner will be responsible for:

- Undertaking a history, including, but not limited to: demographics; prior injuries; current injury.
- Completing a physical examination, including, but not limited to: range of motion determination; neurological examination; assessment of associated injuries.
- Reviewing and documenting functional status and psychosocial risk factors associated with the injury including, but not limited to: changes in functional status; psycho-social issues; other risk factors or barriers to recovery. It is understood that the review and documentation of functional status and psycho-social risk factors is within the scope of practice of the health practitioner and does not involve a formal psychological assessment. While it is recommended that the health practitioner employ standardized tools and instruments in the review of functional status and psychosocial risk factors, the specific tools used are left to the discretion of the individual health practitioner.
- Identifying the diagnosis and/or impairment description, including: the Primary Diagnosis/Impairment Description (ICD 10 Codes); and the Secondary Diagnosis/Impairment Description (ICD 10 Codes).
- Obtaining and recording the insured person's informed consent to treatment.
- Reviewing the completed Treatment Confirmation Form (OCF-23) with the insured person and obtaining the insured person's signature on the Form unless the insurer has waived the requirement for the form.

ii. Recommended interventions during the initial visit

The interventions that are recommended during the initial visit include:

- **Activity prescription**

Encouraging the insured person, when appropriate, to remain active and maintain normal activities as an important factor in facilitating recovery.

- **Reassurance**

Providing reassurance, when appropriate, to the insured person regarding his/her injuries and the recovery process.

- **Education**

Distributing the brochure "Getting the Facts About Whiplash" (attached as Appendix A), when appropriate, and providing education regarding minor injuries, symptoms, the natural healing process and prognosis for recovery.

- **Home exercise program**

Demonstrating and providing advice, when appropriate, on how the insured person should exercise his/her injury; and customizing an exercise program for the insured person to engage in at home, work or school.

iii. **Discretionary interventions during the initial visit**

At the discretion of the health practitioner, and to facilitate the insured person's recovery and return to function, these include:

- **Exercise and functional activities**

The interventions should be based on the specific needs and functional requirements of the insured person and may include: range of motion exercises; muscle re-education; and low load isometric exercise.

- **Mobilization and manipulation**

The health practitioner may provide these interventions if the insured person would benefit from mobilization and/or manipulation.

- **Diagnostic imaging**

X-rays may be undertaken without the prior approval of the insurer under the following circumstances:

- The fees charged do not exceed those listed in Appendix C and any available funding from OHIP or collateral insurance is utilized before the insurer is charged;
- No other comparable x-rays have been taken by another health practitioner or facility since the accident; and
- The insured person displays one or more of the following:
 - Suspicion of a bony injury;
 - Suspicion of degenerative changes, instability or other conditions of sufficient severity that counter indications to one or more interventions must be ruled out;
 - Suspicion of rheumatoid arthritis;
 - Suspicion of osteoporosis; or
 - History of cancer.

- **Other interventions that facilitate pain management, activation and return to function**

If the insured person would benefit from other specific interventions to facilitate pain management, activation and return to function, these

interventions may be provided during the initial or subsequent visits. These may include, but are not limited to: massage therapy; intervention for psycho-social issues; coping skills education; advice regarding hurt versus harm and maintaining active engagement; energy conservation techniques; etc.

c) Recommendations for intervention at the conclusion of the initial visit and Documentation/Invoicing

The health practitioner will determine which of the following statements describes the recommendations for intervention at the conclusion of the initial visit:

- i. No additional intervention is required. The health practitioner submits an Auto Insurance Standard Invoice (OCF-21) for the initial visit.
- ii. Additional interventions as described in this Guideline are required and are appropriate as described in Part 3 of this Guideline (i.e., the insured person's impairment comes within the Guideline). The health practitioner completes the OCF-23 and submits it to the insurer within 10 business days of the initial visit unless the insurer has waived this requirement. The health practitioner will complete and submit the OCF-21.
- iii. Additional intervention is required but is not appropriate under this Guideline as described in Part 4 of this Guideline (i.e. the insured person's impairment does not come within the Guideline). The health practitioner either completes and submits the OCF-18 providing compelling evidence of the pre-existing medical condition that prevents the insured person from achieving maximal recovery or makes an appropriate referral. The health practitioner submits an OCF-21 for the initial visit.

d) Fee for the initial visit (see Appendix B - Fee Schedule)

The fee that will be paid for the initial visit is \$215.00, inclusive of all assessment and intervention services provided during the initial visit, regardless of the amount or type provided. This fee also includes completion of the OCF-23.

8. The treatment phase

If the health practitioner determines that the Guideline applies to the insured person and that intervention under the Guideline is required to facilitate recovery and return to function, the insured person continues on to the treatment phase.

a) Timing and duration in the treatment phase

The treatment phase sessions are treatments provided in addition to any intervention delivered during the initial visit and will not typically exceed twelve weeks in duration following the date of the initial visit. The appropriate health care provider will deliver treatment sessions based on the needs of the insured person and the health practitioner's clinical judgement.

b) Components of the treatment phase

Recommended and discretionary interventions

i. Recommended interventions during the treatment phase

- **Continuing clinical review**
Regular review of the insured person's clinical status and progress toward functional restoration, based on which the health practitioner will make any necessary modifications in the approach to intervention.
- **Activity prescription; Reassurance; Education; and Home Exercise Program (as described above under the initial visit)**

ii. Discretionary interventions during the treatment phase

- **Exercise and functional activities; Mobilization and manipulation (as described above under the initial visit)**
- **Pain management and coping skills education**
If the insured person is displaying signs of distress or difficulties coping with the effects of his/her injury, the health practitioner may introduce pain management and coping skills education (a standardized approach is recommended).
- **Diagnostic imaging (as described above under the initial visit)**
- **Other Interventions that will facilitate pain management, activation and return to function (as described above under the initial visit)**

Treatment blocks

i. Block 1

During the first four-week block of treatment (beginning immediately following the initial visit), the health care practitioner is expected to provide or oversee the interventions established through the OCF-23 from the initial visit.

If the insured person reaches maximal recovery during this period, he or she is discharged from the Guideline (see part (e) of this section). If the insured person requires additional intervention(s), the health practitioner continues treatment under Block 2.

The fee for this period is \$775.00 for treatment or \$200.00 to provide monitoring services under part (c) of this section, but not both.

ii. Block 2

During the second four-week block of treatment, the health care practitioner is expected to provide or oversee the interventions established through the OCF-23, if applicable, and/or will continue any additional intervention(s) established in Block 1.

If the insured person reaches maximal recovery during this period, he or she is discharged from the Guideline (see part (e) of this section). If the insured person requires additional intervention(s), the health practitioner continues treatment under Block 3.

The fee for this period is \$500.00 for treatment or \$200.00 to provide monitoring services under part (c) of this section, but not both.

iii. Block 3

During the final four-week block of treatment, the health care practitioner is expected to provide or oversee the interventions established through the OCF-23, if applicable, and/or will continue any additional intervention(s) established in Block 1 and/or Block 2.

If the insured person reaches maximal recovery during this period, he or she is discharged from the Guideline (see part (e) of this section). If the insured person requires additional intervention(s) beyond Block 3, the insured person must submit an OCF-18 to the insurer.

The fee for this period is \$225.00 for treatment or \$200.00 to provide monitoring services under part (c) of this section, but not both.

c) Monitoring by health practitioner

The health practitioner may provide guidance, advice, coaching, counselling and or reassurance to the insured person in lieu of the treatment provided in any of the Blocks. A fee for this intervention is not payable if treatment under Block 3 has commenced.

Provision of the monitoring intervention is conditional on the following requirements:

- 1) the monitoring is provided within 12 weeks of the initial visit;
- 2) the insured person is determined to have reached maximal recovery and no longer requires further treatment;
- 3) the insured person has resumed some or all of his or her pre-accident activities (e.g., work, home, school, etc.); and
- 4) no treatment or further monitoring is provided under subsequent Block(s).

The fee for this service is \$200.00.

d) Supplementary goods and services during the treatment phase

Additional funds are available to provide supplementary goods and additional services to support restoration of functioning and address barriers to recovery. The supplementary goods and services may include but are not limited to:

- Treatment services for the additional minor injuries arising from the same accident.
- Goods required for self-directed exercise and/or pain management such as, but not limited to: theraband; gym ball; hot/cold packs; back support; lumbar roll; etc.
- Assistive devices required to maintain/return to work/school/home or personal activity such as but not limited to: head set; trolley; braces.
- Supportive interventions such as advice/education to deal with accident-related psycho-social issues, such as but not limited to: distress; difficulties coping with the effects of his/her injury; driving problem/stress.

The health practitioner, a regulated health professional or an appropriate health care provider may provide the supplementary goods and/or services that are deemed necessary, up to a maximum cost of \$400.00, without approval of the insurer.

e) Discharge status during or at the conclusion of the treatment phase and Documentation/Invoicing

The health practitioner will determine which of the following statements describes the insured person's status when discharged during or at the conclusion of the treatment phase and provide documentation as required:

i. No additional intervention is required

- Submit the Minor Injury Guideline Discharge Report (OCF-24) with all the relevant sections completed and include functional and employment status.
- Submit an OCF-21C to bill for the goods and services delivered during this phase.

ii. Additional intervention outside this Guideline is required

- Submit the OCF-24 with the relevant sections completed and include functional and employment status.
- Submit an OCF-21C to bill for the goods and services delivered during this phase.
- Inform the insurance company of the intervention outside of this Guideline that is recommended for the insured person via submission of an OCF-18 or refer the insured person to another health practitioner, as appropriate.

iii. The insured person has been discharged from treatment under this Guideline because he/she is non-compliant, is not attending sessions or voluntarily withdrew from treatment

- Submit the OCF-24 with the relevant sections completed and include functional and employment status.
- Submit an OCF-21C to bill for the goods and services delivered during this phase.

f) Fees for the treatment phase (see Appendix B - Fee Schedule)

The block fees that will be paid during the treatment phase are \$775.00 for weeks 1-4, \$500.00 for weeks 5-8, and \$225.00 for weeks 9-12.

The maximum fee for supplementary goods and services under this Guideline is \$400.00. The transfer fee, if an insured person changes his/her health practitioner is \$50.00, payable to the health practitioner receiving the file.

9. Amounts Payable under Other Insurance and Health Care Coverage

Section 47 (2) of the SABS provides that an auto insurer is not obligated to pay for that portion of an expense for which payment is reasonably available under other insurance or health care coverage (for the purpose of this Guideline, such coverage is collectively referred to as extended health care benefits (EHCBs)).

All EHCBs reasonably available to an insured person for services provided under this Guideline are to be deducted from the amounts otherwise payable by the auto insurer according to Appendix B - Fee Schedule. For example, if the insured person has \$500 in EHCBs reasonably available for the treatment services referred to in Blocks 1, 2 & 3, this amount would be deducted from the \$1,500 otherwise payable by the auto insurer for Blocks 1, 2 & 3; therefore the auto insurer would pay only \$1,000 [\$1,500 - \$500] for Blocks 1, 2 & 3. However \$2,500 [\$3,500 minor injury cap - \$1,000 paid by the auto insurer] would remain available for payment of the other fees outlined in Appendix B and C and for additional interventions if determined to be reasonably necessary in accordance with section 38 of the SABS.

When an insured person has EHCBs, the health care provider must deduct all amounts reasonably available for treatment services from the specified Block where the treatment was provided.

Please note also that EHCBs reasonably available from other sources do not reduce the \$3,500 minor injury cap for medical and rehabilitation benefits as referred to in s. 18 (1) of the SABS.

Getting the Facts about Whiplash Brochure*

Getting the facts about Whiplash: Grades I and II

People injured in car accidents sometimes experience a strain of the neck muscles and surrounding soft tissue, known commonly as whiplash. This injury often occurs when a vehicle is hit from the rear or the side, causing a sharp and sudden movement of the head and neck. Whiplash may result in tender muscles (Grade I) or limited neck movement (Grade II). This type of injury is usually temporary and most people who experience it make a complete recovery. If you have suffered a whiplash injury, knowing more about the condition can help you participate in your own recovery. This brochure summarizes current scientific research related to Grade I and II whiplash injuries.

Understanding Whiplash

- Most whiplash injuries are not serious and heal fully.
- Signs of serious neck injury, such as fracture, are usually evident in early assessments. Health care professionals trained to treat whiplash are alert for these signs.
- Pain, stiffness and other symptoms of Grades I or II whiplash typically start within the first 2 days after the accident. A later onset of symptoms does not indicate a more serious injury.
- Many people experience no disruption to their normal activities after a whiplash injury. Those who do usually improve after a few days or weeks and return safely to their daily activities.
- Just as the soreness and stiffness of a sprained ankle may linger, a neck strain can also feel achy, stiff or tender for days or weeks. While some patients get better quickly, symptoms can persist over a longer period of time. For most cases of Grades I and II whiplash, these symptoms gradually decrease with a return to activity.

Daily Activity and Whiplash

- Continuing normal activities is very important to recovery.
- Resting for more than a day or two usually does not help the injury and may instead prolong pain and disability. For whiplash injuries, it appears that "rest makes rusty."
- Injured muscles can get stiff and weak when they're not used. This can add to pain and can delay recovery.
- A return to normal activity may be assisted by active treatment and exercises.
- Cervical collars, or "neck braces," prevent motion and may add to stiffness and pain. These devices are generally not recommended, as they have shown little or no benefit.
- Returning to activity maintains the health of soft-tissues and keeps them flexible - speeding recovery. Physical exercise also releases body chemicals that help to reduce pain in a natural way.
- To prevent development of chronic pain, it is important to start moving as soon as possible.

Tips For Return To Activity

- Avoid sitting in one position for long periods.
- Periodically stand and stretch.
- Sit at your workstation so that the upper part of your arm rests close to your body, and your back and feet are well supported.
- Adjust the seat when driving so that your elbows and knees are loosely bent.
- When shopping or carrying items, use a cart or hold things close to the body for support.
- Avoid contact sports or strenuous exercise for the first few weeks to prevent further injury. Ask your health care professional about other sporting or recreational activities.

- Make your sleeping bed comfortable. The pillow should be adjusted to support the neck at a comfortable height.

Treating Whiplash

- Research indicates that successful whiplash treatment requires patient cooperation and active efforts to resume daily activity.
- A treating health care professional will assess your whiplash injuries, and discuss options for treatment and control of pain.
- Although prescription medications are usually unnecessary, temporary use of mild over-the-counter medication may be suggested, in addition to ice or heat.
- Your treating health care professional may recommend appropriate physical treatment.

Avoiding Chronic Pain

- Some whiplash sufferers are reluctant to return to activity, fearing it will make the injury worse. Pain or tenderness may cause them to overestimate the extent of physical damage.
- If your health care professional suggests a return to activity, accept the advice and act on it.
- Stay connected with family, friends and co-workers. Social withdrawal can contribute to depression and the development of chronic pain.
- If you are discouraged or depressed about your recovery, talk to your health care professional.
- Focus on getting on with your life, rather than on the injury!

Preventing Another Whiplash Injury

- Properly adjusting the height of your car seat head restraint (head rest) will help prevent whiplash injury in an accident. In an ideal adjustment, the top of the head should be in line with the top of the head restraint and there should be no more than 2 to 5 cm between the back of the head and the head restraint.

This brochure provides general information about whiplash injuries. It does not replace advice from a qualified health care professional who can properly assess a whiplash injury and recommend treatment.

The information highlights the latest available scientific research on whiplash and has been endorsed by the following groups:

Ligne directrice sur les blessures légères

1. Introduction

La présente directive remplace la Ligne directrice sur les blessures légères – Ligne directrice du surintendant n° 02/10 publiée en juin 2010, émise conformément à l'article 268.3 de la *Loi sur les assurances* aux fins de l'*Annexe sur les indemnités d'accident légères - en vigueur dès le 1^{er} septembre 2010* (AIAL).

Cette directive s'applique aux documents précisés dans la directive qui sont remis le **1^{er} novembre 2011** ou après cette date, quelle que soit la date de l'accident qu'ils concernent.

Comme l'exige le paragraphe 268.3 (2) de la *Loi sur les assurances*, la présente ligne directrice doit être prise en compte pour toute décision nécessitant une interprétation de l'AIAL.

Pour l'application de la présente ligne directrice, les termes « blessure » et « blessures » s'entendent respectivement au sens donné à « déficience » et « déficiences » dans l'AIAL, tandis que « membre d'une profession de la santé réglementée » et « praticien de la santé » ont le même sens que dans l'AIAL.

La présente ligne directrice s'applique en cas de remise de tout formulaire *Confirmation du traitement* (FDIO-23) au nom d'une personne assurée et dans les cas où l'assureur renonce à l'exigence liée à l'obtention d'un formulaire FDIO-23 en ce qui concerne un accident qui s'est produit le 1^{er} septembre 2010 ou après cette date.

Les *Lignes directrices préautorisées pour les blessures associées à une entorse cervicale de stade I ou II* (Lignes directrices du surintendant n° 02/09) demeurent en effet en cas de remise du formulaire FDIO-23 au nom d'une personne assurée, et dans les cas où l'assureur renonce à l'exigence liée à l'obtention d'un formulaire FDIO-23, en ce qui concerne un accident qui s'est produit avant le 1^{er} septembre 2010.

La présente ligne directrice a les fins suivantes :

- a) accélérer l'accès à des services de réadaptation pour les personnes qui ont subi des blessures légères dans un accident d'automobile;
- b) améliorer l'utilisation des ressources en soins de santé;
- c) établir à l'intention des assureurs et des membres d'une profession de la santé réglementée de la certitude relativement au coût et au paiement;
- d) être plus inclusif dans la prestation d'un accès immédiat au traitement sans approbation de l'assureur pour les personnes ayant des blessures légères telles qu'elles sont définies dans l'AIAL et décrites à la partie 2 de la présente ligne directrice.

Conformément à ces objectifs, la présente ligne directrice établit les biens et services qui seront payés par l'assureur sans avoir été approuvés par ce dernier lorsqu'ils ont été dispensés à une personne assurée qui a subi une blessure légère.

La présente ligne directrice a avant tout pour but d'assurer l'application d'une **méthode de restauration fonctionnelle** combinée à des interventions visant à réduire ou à gérer la douleur ou l'invalidité.

L'AIAL et la présente ligne directrice visent à encourager et à promouvoir l'application la plus large possible de la présente ligne directrice, en reconnaissant que la plupart des personnes blessées dans des accidents d'automobile en Ontario subissent des blessures légères pour lesquelles conviennent les biens et services prévus dans la présente ligne directrice.

L'application de la présente ligne directrice par tous les intervenants sera surveillée régulièrement afin de détecter rapidement toute application ou interprétation inappropriée de l'AIAL et de la ligne directrice, et d'y répondre.

2. Définitions

La présente ligne directrice a avant tout pour but d'assurer l'application d'une méthode de restauration fonctionnelle pour la gestion des blessures légères aux phases aiguë et subaiguë du traitement.

Les définitions qui suivent s'appliquent à la présente ligne directrice :

- a) **blessure légère** – entorse, foulure, entorse cervicale, contusion, excoriation, lacération ou subluxation et toute séquelle s'y rattachant sur le plan clinique. Ce terme est à interpréter de manière à s'appliquer à une ou plusieurs de ces blessures, quelles qu'elles soient.
- b) **entorse** – blessure à un ou plusieurs tendons ou ligaments, voire à un ou plusieurs tendons et un ou plusieurs ligaments, y compris une déchirure partielle, mais pas complète.
- c) **foulure** – blessure à un ou plusieurs muscles, y compris une déchirure partielle, mais pas complète.
- d) **subluxation** – luxation partielle, mais pas complète, d'une articulation.
- e) **coup de fouet cervical** – blessure au cou d'une personne à la suite d'une force soudaine d'accélération-décélération.
- f) **entorse cervicale** – coup de fouet cervical qui :
 - (i) ne se traduit pas par des signes neurologiques objectifs, démontrables, définissables et pertinents sur le plan clinique;
 - (ii) ne se traduit pas par une fracture de la colonne vertébrale ou une luxation de cette dernière.

- g) **restauration fonctionnelle** – Approche utilisée par un praticien de la santé pour rétablir la capacité fonctionnelle et qui comprend des interventions visant à aider la personne assurée à réduire ou gérer sa douleur et les symptômes psychosociaux connexes. Les interventions sont centrées sur ce que la personne assurée doit faire pour rétablir son autonomie fonctionnelle à la maison et au travail jusqu'au niveau existant avant l'accident. La personne est soumise à une évaluation destinée à déterminer le niveau de fonctionnement actuel par rapport à ces besoins essentiels et les limites fonctionnelles découlant de la blessure, le cas échéant. Les interventions effectuées par le praticien de la santé ou un membre d'une profession de la santé réglementée sous la supervision ou la coordination du praticien de la santé sont ensuite choisies en fonction de ces limites afin de permettre à la personne de poursuivre ou de reprendre ses activités habituelles à la maison et au travail.
- h) **Intervention recommandée** – Intervention qui, idéalement, est pratiquée à chaque fois que la personne assurée se rend à la clinique du praticien de la santé.
- i) **Intervention discrétionnaire** – Intervention pratiquée à la discrétion du praticien de la santé en fonction des besoins précis de la personne assurée. Le terme « discrétionnaire » **ne signifie pas** que l'intervention en question joue un rôle secondaire dans le traitement de la personne assurée.

3. Déficiences visées par la présente ligne directrice

Sous réserve des exceptions prévues à la section 4 ci-dessous, la déficience d'une personne assurée est visée par la présente ligne directrice si la déficience est essentiellement une blessure légère.

4. Déficiences non visées par la présente ligne directrice

La déficience d'une personne assurée n'est pas visée par la présente ligne directrice dans les cas où cette déficience est essentiellement une blessure légère, mais que la personne assurée a, tel que l'atteste une preuve convaincante fournie par son praticien de la santé, un état médical préexistant qui l'empêchera de se rétablir de manière optimale de la blessure légère si la personne est assujettie au plafond de 3 500 \$ prévu au paragraphe 18(1) de l'AIAL ou limitée aux biens et services autorisés en vertu de la présente ligne directrice.

La preuve convaincante devrait être fournie au moyen du formulaire FDIO-18, *Plan de traitement et d'évaluation*, auquel seront joints les documents médicaux préparés le cas échéant par un praticien de la santé.

L'existence d'un état préexistant quel qu'il soit ne se traduit pas nécessairement par l'exclusion de la déficience d'une personne relativement à la présente ligne directrice. Une telle exclusion n'est ni prévue ni escomptée en ce qui concerne la grande majorité des états préexistants.

Ce n'est que dans des cas extrêmement limités, lorsqu'une preuve convaincante fournie par un praticien de la santé démontre de manière satisfaisante qu'un état préexistant empêchera une personne de se rétablir de manière optimale de la blessure légère pour les raisons susmentionnées, que l'on considérera que la déficience de cette personne n'est pas visée par la présente ligne directrice. L'exclusion d'une personne relativement à la présente ligne directrice du fait de motifs ou d'une preuve ne satisfaisant pas à cette exigence n'est pas conforme à l'intention de l'AIAL et de la présente ligne directrice.

5. Fournisseurs de services autorisés en vertu de la présente ligne directrice

Les fournisseurs pouvant fournir les services en vertu de la présente ligne directrice sont les praticiens de la santé, au sens de l'AIAL, que la loi autorise à traiter les blessures en question et qui sont en mesure de faire les interventions prévues dans la présente ligne directrice. En outre, le praticien de la santé peut coordonner ou superviser directement la prestation de services à des personnes assurées par d'autres fournisseurs de soins de santé compétents.

6. Changement de praticien de la santé en vertu de la présente ligne directrice

Lorsqu'une personne assurée recevant des services en vertu de cette directive décide de changer de praticien de la santé, pendant qu'elle reçoit des services de traitement dans le cadre d'une tranche de services, le nouveau praticien de la santé doit en informer l'assureur, qui lui indiquera quels services prévus en vertu de la directive ont déjà été fournis. Le nouveau praticien reprendra alors la prestation des services prévus par la directive.

Le praticien de la santé précédent ne peut facturer que 25 % du montant autrement payable pour une tranche de services pour chaque semaine ou partie de semaine au cours de laquelle il a dispensé un traitement en vertu de la tranche (p. ex., un praticien de la santé qui a fourni deux semaines de traitement facturerait 50 % du montant total autrement payable pour la tranche de services précisée). Ces renseignements doivent être précisés dans la section « Autres renseignements » du formulaire FDIO-21. Le nouveau praticien de la santé ne pourra être rémunéré que pour les services qui restent à fournir en vertu de la présente directive.

7. Visite initiale

a) Moment de la visite initiale

Idéalement, la visite initiale a lieu dès que possible après l'accident, et les praticiens de la santé sont encouragés à commencer l'intervention au cours de la visite initiale.

b) Composantes de la visite initiale

i. Évaluation

Dans le cadre de l'évaluation de la personne assurée, le praticien de la santé doit faire ce qui suit :

- Vérifier les antécédents, notamment : les données démographiques, les blessures antérieures, la blessure actuelle.
- Effectuer un examen physique, comprenant notamment la détermination de l'amplitude des mouvements, un examen neurologique et une évaluation des blessures connexes.

- Examiner les capacités fonctionnelles et les facteurs de risque psychosociaux se rapportant à la blessure et les consigner, notamment les changements dans les capacités fonctionnelles, les problèmes psychosociaux et les autres facteurs de risques ou obstacles au rétablissement. Il est entendu que l'examen des capacités fonctionnelles et des facteurs de risque psychosociaux et leur consignation font partie du champ d'activité du praticien de la santé et n'exigent pas d'examen psychologique en bonne et due forme. Même s'il est recommandé d'employer des outils et instruments normalisés pour faire l'examen des capacités fonctionnelles et des facteurs de risque psychosociaux, le praticien de la santé peut utiliser les outils de son choix.
- Établir un diagnostic ou définir la déficience, avec notamment la description du diagnostic primaire ou de la déficience (codes de la CIM-10) et la description du diagnostic secondaire ou de la déficience (codes de la CIM-10).
- Obtenir le consentement éclairé de la personne assurée pour le traitement et le consigner par écrit.
- Passer en revue le formulaire FDIO-23, *Confirmation du traitement*, avec la personne assurée et faire signer le formulaire par cette dernière, à moins que l'assureur n'ait renoncé à l'exigence liée à l'obtention de ce formulaire.

ii. Interventions recommandées durant la visite initiale

Les interventions recommandées durant la visite initiale sont notamment les suivantes :

- **Prescrire des activités**
S'il y a lieu, encourager la personne assurée à demeurer active et à poursuivre ses activités habituelles, car ce sont des facteurs importants dans le processus de rétablissement.
- **Fournir du réconfort**
Au besoin, fournir du réconfort à la personne assurée au sujet de sa blessure et du processus de rétablissement.
- **Donner des renseignements**
Distribuer, s'il y a lieu, le dépliant intitulé *Les faits sur le coup de fouet cervical* (ci-joint, à titre d'annexe A) et renseigner la personne assurée sur les blessures légères, les symptômes, le processus naturel de guérison et le pronostic de rétablissement.
- **Recommander un programme d'exercices à la maison**
Au besoin, montrer à la personne assurée des exercices qu'elle devrait faire pour sa blessure et lui donner des conseils à ce sujet, et établir pour cette personne un programme d'exercices personnalisés qu'elle pourra faire à la maison, au travail ou à l'école.

iii. Interventions discrétionnaires durant la visite initiale

Les interventions que peut faire le praticien de la santé s'il l'estime utile pour faciliter le rétablissement de la personne assurée et la reprise de ses activités sont notamment les suivantes :

- **Faire des exercices et des activités fonctionnelles**

Les interventions doivent être déterminées d'après les besoins précis et les exigences fonctionnelles de la personne assurée et peuvent inclure ce qui suit : des exercices visant à restaurer l'amplitude des mouvements; des exercices de réadaptation musculaire; des exercices isométriques avec de faibles charges.

- **Utiliser la manipulation et la mobilisation**

Le praticien de la santé peut faire ce genre d'interventions s'il estime que la personne assurée bénéficierait de la mobilisation et la manipulation.

- **Recourir à l'imagerie diagnostique**

Il est permis de faire des radiographies de la personne assurée sans l'autorisation préalable de l'assureur lorsque tous les critères suivants sont remplis :

- les honoraires ne dépassent pas ceux figurant à l'annexe C et l'Assurance-santé de l'Ontario ou une assurance complémentaire est facturée avant l'assureur;
- aucune autre radiographie du même genre n'a été prise par un autre praticien de la santé ou établissement de santé depuis l'accident;
- au moins l'une des conditions suivantes est remplie :
 - une lésion osseuse est suspectée;
 - il y a une possibilité de changements dégénératifs, d'instabilité ou d'autres états suffisamment graves pour qu'il soit nécessaire d'écarter les contre-indications relatives à une ou plusieurs interventions;
 - une polyarthrite rhumatoïde est suspectée;
 - il y a une possibilité d'ostéoporose;
 - la personne a des antécédents de cancer.

- **Prévoir d'autres interventions visant à faciliter la gestion de la douleur, le mouvement et la reprise des activités**

Si la personne assurée profiterait d'autres interventions précises visant à faciliter la gestion de la douleur, le mouvement et la reprise des activités, ces interventions peuvent être pratiquées durant la visite initiale ou les visites subséquentes. Il peut s'agir par exemple de traitements de massothérapie, d'une intervention pour des problèmes psychosociaux, d'un enseignement lié aux habiletés d'adaptation, de conseils sur la distinction à faire entre les concepts de douleur et de lésion et le maintien d'un engagement actif ou de techniques de préservation de l'énergie corporelle.

c) Interventions recommandées à la fin de la visite initiale et documents et facture

Le praticien de la santé déterminera parmi les énoncés suivants la conclusion qui convient le mieux pour ses recommandations à la fin de la visite initiale :

- Aucune intervention supplémentaire n'est nécessaire. Le praticien de la santé remplit la *Facture d'assurance-automobile standard* (FDIO-21) pour la visite initiale.

- ii. D'autres interventions décrites dans la présente ligne directrice sont nécessaires et pertinentes conformément à la partie 3 de la présente ligne directrice (la déficience de la personne assurée est donc visée par la ligne directrice). Le praticien de la santé remplit le formulaire FDIO-23 et l'envoie à l'assureur dans les 10 jours ouvrables suivant la visite initiale, à moins que l'assureur n'ait renoncé à cette exigence. Le praticien de la santé remplira et enverra le formulaire FDIO-21.
- iii. D'autres interventions sont nécessaires, mais ne sont pas visées par la présente ligne directrice, conformément à la partie 4 de la présente ligne directrice (la déficience de la personne assurée n'est donc pas visée par la ligne directrice). Soit le praticien de la santé remplit et envoie le formulaire FDIO-18 en fournissant une preuve convaincante de l'état médical préexistant qui empêchera la personne assurée de se rétablir de manière optimale, soit il fait le renvoi approprié. Le praticien de la santé envoie le formulaire FDIO-21 pour la visite initiale.

d) Honoraires pour la visite initiale (voir l'annexe B, *Tableau des honoraires*)

Des honoraires de 215,00 \$ seront versés pour la visite initiale. Ce montant comprend toutes les évaluations et les interventions effectuées durant la visite initiale, quel que soit le nombre ou le type d'interventions, ainsi que le remplissage du formulaire FDIO-23.

8. Phase de traitement

Si le praticien de la santé établit que la ligne directrice s'applique à la personne assurée et que l'intervention qui y est prévue est nécessaire pour faciliter le rétablissement et la reprise des activités de la personne assurée, cette dernière entre dans la phase de traitement.

a) Moment et durée de la phase de traitement

Les tranches de la phase de traitement consistent en des traitements prodigués en plus de toute intervention effectuée au cours de la visite initiale, et leur durée ne dépasse généralement pas les douze semaines suivant la date de la visite initiale. Le fournisseur de soins de santé approprié exécutera les séances prévues dans le traitement d'après les besoins de la personne assurée et le jugement clinique du praticien de la santé.

b) Composantes de la phase de traitement

Interventions recommandées et discrétionnaires

i. Interventions recommandées au cours de la phase de traitement

- **Poursuivre les examens cliniques**
Faire régulièrement des examens cliniques de l'état de la personne assurée et de ses progrès vers la restauration des capacités fonctionnelles, à partir de quoi le praticien de la santé apportera toutes modifications nécessaires à la méthode d'intervention.
- **Prescrire des activités; fournir du réconfort; donner des renseignements; recommander un programme d'exercices à la maison (tel que décrit ci-avant dans la section consacrée à la visite initiale)**

ii. Interventions discrétionnaires au cours de la phase de traitement

- **Faire des exercices et des activités fonctionnelles; utiliser la manipulation et la mobilisation (tel que décrit ci-avant dans la section consacrée à la visite initiale)**
- **Donner des renseignements sur la gestion de la douleur et les habiletés d'adaptation**
Si la personne assurée semble souffrir ou avoir de la difficulté à gérer les effets de sa blessure, le praticien de la santé peut lui donner des renseignements sur la gestion de la douleur et les habiletés d'adaptation (l'emploi d'une démarche normalisée est recommandé).
- **Recourir à l'imagerie diagnostique (se reporter à la section ci-dessus sur la visite initiale)**
- **Prévoir d'autres interventions visant à faciliter la gestion de la douleur, le mouvement et la reprise des activités (se reporter à la section ci-dessus sur la visite initiale)**

Tranches de traitement

i. Tranche 1

Au cours de la première tranche de traitement de quatre semaines (qui commence immédiatement après la visite initiale), le praticien de la santé devrait effectuer ou superviser les interventions établies dans le formulaire FDIO-23 à partir de la visite initiale.

Si la personne assurée se rétablit de manière optimale au cours de cette période, elle obtient son congé de la ligne directrice (voir la partie e) de la présente section). Si la personne assurée nécessite une ou plusieurs interventions supplémentaires, le praticien de la santé poursuit le traitement en passant à la tranche 2.

Les honoraires correspondant à cette période s'élèvent à 775,00 \$ pour le traitement ou à 200,00 \$ pour les services de supervision prévus à la partie c) de la présente section, sans cumul possible de ces deux montants.

ii. Tranche 2

Au cours de la deuxième tranche de traitement de quatre semaines, le praticien de la santé devrait effectuer ou superviser les interventions établies dans le formulaire FDIO-23, le cas échéant, ou continuer toute(s) intervention(s) supplémentaire(s) établie(s) dans la tranche 1, voire réaliser tout cela à la fois.

Si la personne assurée se rétablit de manière optimale au cours de cette période, elle obtient son congé de la ligne directrice (voir la partie e) de la présente section). Si la personne assurée nécessite une ou plusieurs interventions supplémentaires, le praticien de la santé poursuit le traitement en passant à la tranche 3.

Les honoraires correspondant à cette période s'élèvent à 500,00 \$ pour le traitement ou à 200,00 \$ pour les services de supervision prévus à la partie c) de la présente section, sans cumul possible de ces deux montants.

iii. **Tranche 3**

Au cours de la dernière tranche de traitement de quatre semaines, le praticien de la santé devrait effectuer ou superviser les interventions établies dans le formulaire FDIO-23, le cas échéant, ou continuer toute(s) intervention(s) supplémentaire(s) établie(s) dans les tranches 1 et 2, voire réaliser tout cela à la fois.

Si la personne assurée se rétablit de manière optimale au cours de cette période, elle obtient son congé de la ligne directrice (voir la partie e) de la présente section). Si la personne assurée nécessite une ou plusieurs interventions supplémentaires au-delà de la tranche 3, elle doit présenter un formulaire FDIO-18 à l'assureur.

Les honoraires correspondant à cette période s'élèvent à 225,00 \$ pour le traitement ou à 200,00 \$ pour les services de supervision prévus à la partie c) de la présente section, sans cumul possible de ces deux montants.

c) **Surveillance par le praticien de la santé**

Le praticien de la santé peut fournir de l'orientation, des conseils, de l'encadrement, du counselling et du réconfort à la personne assurée au lieu du traitement prévu dans l'une des tranches quelle qu'elle soit. Les honoraires correspondant à ce genre d'intervention ne sont pas payables si le traitement relevant de la tranche 3 a débuté.

La réalisation de l'intervention de surveillance est assujettie à la satisfaction de toutes les exigences suivantes :

- 1) la surveillance est exercée dans les 12 semaines suivant la visite initiale;
- 2) il a été déterminé que la personne assurée s'est rétablie de manière optimale et ne nécessite plus de traitement;
- 3) la personne assurée a repris une partie ou la totalité des activités qu'elle exerçait avant l'accident (à la maison, au travail, à l'école, etc.);
- 4) aucun traitement ni aucune surveillance n'est prévu dans le cadre de la ou des tranches ultérieures.

Les honoraires correspondant à ce service s'élèvent à 200,00 \$.

d) **Biens et services supplémentaires durant la phase de traitement**

Des fonds supplémentaires sont disponibles pour la fourniture de biens et services supplémentaires en vue de soutenir la restauration des capacités fonctionnelles et de surmonter les obstacles au rétablissement. Les biens et services supplémentaires sont notamment :

- les services de traitement des blessures légères additionnelles causées par le même accident;
- les biens exigés pour faire de l'exercice en autonomie ou pour la gestion de la douleur (voire pour ces deux objectifs), par exemple : bande d'exercice Thera-Band, ballon d'exercice, enveloppements chauds et compresses froides, support dorsal Obus Forme et coussin lombaire;

- les appareils et accessoires fonctionnels nécessaires pour poursuivre ou reprendre les activités personnelles ou celles exercées au travail, à l'école ou à la maison, par exemple : casque d'écoute, chariot, appareils orthopédiques;
- les interventions de soutien comme les conseils et l'information visant à faire face à des problèmes psychosociaux liés à un accident, par exemple : la souffrance, la difficulté à faire face aux effets de sa blessure, le stress ou d'autres problèmes liés à la conduite.

Le praticien de la santé, un membre d'une profession de santé réglementée ou un fournisseur de soins de santé approprié peut fournir les biens ou services supplémentaires jugés nécessaires, jusqu'à concurrence de 400,00 \$, sans l'approbation préalable de l'assureur.

e) État au moment du congé au cours ou à la fin de la phase de traitement et documents et facture

Le praticien de la santé déterminera parmi les énoncés suivants la conclusion correspondant à l'état de la personne assurée lorsqu'elle obtient son congé au cours ou à la fin de la phase de traitement, et il fournira les documents exigés selon les besoins :

i. Aucune intervention supplémentaire n'est nécessaire.

- Envoyer le rapport de congé aux fins de la Ligne directrice pour les blessures légères (formulaire FDIO-24) en veillant à ce que toutes les sections applicables soient remplies et en indiquant le statut fonctionnel et le statut d'emploi.
- Envoyer un formulaire FDIO-21 – Version C pour facturer les biens et services fournis durant cette phase.

ii. Une intervention supplémentaire non visée par la présente ligne directrice est nécessaire

- Envoyer le formulaire FDIO-24 en veillant à ce que toutes les sections applicables soient remplies et en indiquant le statut fonctionnel et le statut d'emploi.
- Envoyer un formulaire FDIO-21 – Version C pour facturer les biens et services fournis durant cette phase.
- Informer l'assureur que l'intervention non visée par la présente ligne directrice est recommandée pour la personne assurée en lui faisant parvenir un formulaire FDIO-18 ou renvoyer la personne assurée à un autre praticien de la santé, au besoin.

iii. La personne assurée s'est vu donner son congé du traitement visé par la présente ligne directrice du fait qu'elle n'observait pas les modalités du traitement, n'assistait pas aux séances ou a abandonné de son propre chef le traitement prescrit.

- Envoyer le formulaire FDIO-24 en veillant à ce que toutes les sections applicables soient remplies et en indiquant le statut fonctionnel et le statut d'emploi.
- Envoyer un formulaire FDIO-21 – Version C pour facturer les biens et services fournis durant cette phase.

f) Honoraires pour la phase de traitement (voir l'annexe B, *Tableau des honoraires*)

Les honoraires par tranche qui seront versés pendant la phase de traitement s'élèvent à 775,00 \$ pour les semaines 1 à 4, 500,00 \$ pour les semaines 5 à 8, et 225,00 \$ pour les semaines 9 à 12.

Les honoraires maximums pour les biens et services supplémentaires visés par la présente ligne directrice sont de 400,00 \$ et les honoraires de transfert versés lorsqu'une personne assurée change de praticien de la santé sont de 50,00 \$, payables au praticien de la santé qui reçoit le dossier.

9. Montants payables en vertu des autres assurances et garanties de soins de santé

Le paragraphe 47 (2) de l'AIAL prévoit qu'un assureur automobile n'est pas tenu de payer la portion des dépenses pour laquelle un paiement peut être raisonnablement attendu en vertu d'une autre assurance ou garantie de soins de santé (aux fins de la présente directive, ces garanties sont appelées garanties supplémentaires pour soins de santé (GSSS)).

Les prestations des GSSS que l'assuré peut raisonnablement obtenir pour des services fournis en vertu de la présente directive doivent être déduites des montants autrement payables par l'assureur automobile selon l'Annexe B - Tableau des honoraires. Par exemple, si l'assuré peut raisonnablement obtenir 500 \$ aux termes des GSSS pour les services de traitement prévus dans le cadre des tranches 1, 2 et 3, ce montant doit être déduit des 1 500 \$ que l'assureur automobile devrait autrement payer pour les tranches 1, 2 et 3; en conséquence, l'assureur automobile ne paierait que 1 000 \$ [1 500 \$ - 500 \$] pour les tranches 1, 2 et 3. Toutefois, la somme de 2 500 \$ [3 500 \$ au titre du plafond pour blessures légères - 1 000 \$ versés par l'assureur automobile] serait payable au titre des autres honoraires décrits aux Annexes B et C et pour d'autres interventions s'il est établi qu'elles sont raisonnablement nécessaires en vertu de l'article 38 de l'AIAL.

Lorsqu'une personne assurée bénéficie de GSSS, le fournisseur de soins de santé doit déduire tous les montants qu'elle peut raisonnablement obtenir pour des services de traitement de la tranche visée lorsque le traitement a été fourni.

Veuillez noter que les GSSS qui peuvent raisonnablement être obtenues d'autres sources ne réduisent pas le plafond de 3 500 \$ pour les blessures légères au titre des indemnités pour frais médicaux et de réadaptation prévues au paragraphe 18 (1) de l'AIAL.

Les faits sur le coup de fouet cervical*

Les faits sur le coup de fouet cervical – Stades I et II

Les personnes blessées dans un accident automobile ressentent souvent une raideur des muscles du cou et des tissus mous environnants, ce qu'on appelle le coup de fouet cervical. Cette blessure survient souvent lorsqu'un véhicule est frappé à l'arrière ou sur le côté, causant un mouvement brusque et soudain de la tête et du cou. Le coup de fouet cervical peut rendre les muscles sensibles (stade I) ou limiter les mouvements du cou (stade II). Ce genre de blessure est habituellement temporaire et la plupart des gens qui le subissent s'en remettent parfaitement. Si vous avez davantage de renseignements sur ce genre de blessure, vous pouvez améliorer votre récupération. Cette brochure fait le résumé d'une étude scientifique sur le coup de fouet cervical de stades I et II.

Comprendre le coup de fouet cervical

- La plupart des blessures par coup de fouet cervical ne sont pas graves et guérissent complètement.
- Des signes de blessures graves au cou, telles que les fractures, sont habituellement évidents dans les premières évaluations. Les professionnels de la santé sont formés pour traiter le coup de fouet cervical et savent reconnaître les signes.
- La douleur, raideur et autres symptômes d'un coup de fouet cervical de stade I ou II surviennent habituellement dans les deux jours suivant l'accident. L'apparition de ces symptômes plus tard n'est pas le signe d'une blessure plus grave.
- Pour de nombreuses personnes, le coup de fouet cervical n'entraîne pas d'interruption des activités normales. Quant aux personnes qui interrompent leurs activités, leur état s'améliore habituellement après quelques jours ou semaines.
- Tout comme c'est le cas avec une foulure de la cheville, une entorse cervicale peut entraîner une douleur, raideur ou être sensible pendant quelques jours ou quelques semaines. Alors que certains patients guérissent rapidement, les symptômes peuvent persister plus longtemps. Dans la plupart des cas de coup de fouet cervical de stade I ou II, ces symptômes disparaissent graduellement lors du retour aux activités habituelles.

Activités quotidiennes et coup de fouet cervical

- La poursuite des activités normales est importante dans le processus de récupération.
- Le repos pendant plus d'une journée ou deux n'aide habituellement pas la guérison et peut même prolonger la douleur et l'invalidité. En ce qui concerne le coup de fouet cervical, il semble que le repos vous rende ankylosé.
- Les muscles blessés peuvent devenir plus raides et faibles lorsqu'ils ne sont pas utilisés. Ceci peut aggraver la douleur et retarder la guérison.
- Le retour aux activités normales peut être accompagné de traitements et d'exercices.
- Le collier cervical empêche le mouvement et peut ajouter à la raideur et la douleur. Le port de ces appareils n'est habituellement pas recommandé car il n'offre que peu ou pas d'avantages.
- Le retour aux activités maintient les tissus mous souples et en santé, ce qui accélère le temps de récupération. L'exercice physique peut aussi relâcher des enzymes qui aident à réduire la douleur de manière naturelle.
- Pour éviter que la douleur devienne chronique, il est important de commencer à bouger le plus tôt possible.

Conseils pour le retour aux activités

- Évitez de demeurer assis dans la même position pendant de longues périodes.
- Levez-vous de temps à autre et étirez-vous.
- Asseyez-vous à votre poste de travail : les bras appuyés près du corps, les dos et les pieds bien appuyés.

- Ajustez votre siège lorsque vous conduisez de sorte que vos coudes et vos genoux sont légèrement fléchis.
- Lorsque vous faites vos courses ou que vous transportez des objets, utilisez un chariot ou tenez les objets près de votre corps pour un meilleur appui.
- Évitez les sports de contact ou les exercices ardues durant les premières semaines afin d'éviter d'aggraver la blessure. Demandez à votre professionnel de la santé si vous pouvez pratiquer d'autres activités sportives ou de loisir.
- Rendez votre lit confortable. L'oreiller devrait être ajusté de manière à soutenir le cou à une hauteur confortable.

Traiter le coup de fouet cervical

- Une recherche indique que pour que le traitement réussisse, le patient doit coopérer et s'efforcer de reprendre ses activités quotidiennes.
- Un professionnel de la santé évaluera vos blessures reliées au coup de fouet cervical et discutera avec vous des options de traitement et de contrôle de la douleur.
- Bien que des médicaments sur ordonnance ne soient habituellement pas nécessaires, il peut vous suggérer de prendre des médicaments en vente libre, en plus d'avoir recours à l'application de glace et de chaleur.
- Votre professionnel de la santé peut vous recommander une physiothérapie appropriée.

Prévenez la douleur chronique

- Certaines personnes souffrant d'un coup de fouet cervical hésitent à reprendre leurs activités, de peur d'aggraver leur blessure. La douleur peut faire en sorte qu'elles surestiment l'étendue des dommages physiques.
- Si votre professionnel de la santé suggère de reprendre vos activités, suivez son conseil.
- Demeurez en contact avec la famille, les amis et les collègues de travail. Vous isoler pourrait mener à la dépression et la douleur chronique.
- Si vous vous sentez découragé ou déprimé pendant votre rétablissement, parlez-en à votre professionnel de la santé.
- Pensez à votre vie en général plutôt qu'à votre blessure.

Évitez de subir un autre coup de fouet cervical

- En ajustant correctement la hauteur des appuie-tête de votre véhicule, vous pourrez prévenir les blessures par coup de fouet cervical advenant un accident. L'ajustement idéal est le suivant : le dessus de la tête doit être aligné avec le dessus de l'appuie-tête et la distance entre le derrière de la tête et l'appuie-tête doit être de 2 à 5 cm.

La présente fournit des renseignements généraux au sujet des blessures par coup de fouet cervical. Elle ne remplace pas les conseils d'un professionnel de la santé qualifié pour évaluer une telle blessure et recommander un traitement.

Health Claims for Auto Insurance December 2011 Guideline

December 2011

Superintendent's Guideline No. 03/11

Health Claims for Auto Insurance December 2011 Guideline

Introduction

This Guideline replaces the Health Claims for Auto Insurance September 2010 Guideline – Superintendent's Guideline No. 07/10 issued in September 2010, and is issued pursuant to s. 268.3 (1) of the Insurance Act for the purposes of ss. 49 (1) and 64 (7) of the Statutory Accident Benefits Schedule – Effective September 1, 2010 (SABS).

This Guideline applies to documents specified in this Guideline that are delivered on or after **December 1, 2011**, regardless of the date of the accident to which they relate.

A document to which this Guideline applies and that previously would have been sent directly to an insurer to whom this Guideline applies, is instead to be sent to a Central Processing Agency (CPA) established by the insurance industry to receive such documents on behalf of insurers.

This Guideline describes:

- which insurers, health care facilities (facilities) and health care providers (providers) are subject to the Guideline and in what circumstances;
- what documents are to be delivered to the CPA and in what circumstances;
- how such documents may be delivered to the CPA;
- how insurers are to provide information to the CPA; and
- billing procedures.

Insurers and Providers That Are Subject To This Guideline

This Guideline applies only to transactions between a Participating Provider and a Participating Insurer, as defined below, in respect to any claim for SABS benefits under a motor vehicle liability policy issued in Ontario.

Participating Providers

The Financial Services Commission of Ontario will continue to maintain and update from time to time a list of identified health care facilities/providers (or specified branch offices thereof) participating in the Health Claims for Auto Insurance ("HCAI") system (the "HCAI Participating Provider List") and the dates that their participation begins. Please see Appendix 1 for details of how to obtain copies of the HCAI Participating Provider List in effect at any particular time.

For the purposes of this Guideline, each specified branch office of an identified facility, and each provider operating in a specified branch office of an identified facility, is a Participating Provider.

Participating Insurers

This Guideline applies to all insurers licensed in Ontario in respect of all claims for SABS benefits under any motor vehicle liability policy issued in Ontario. Each such insurer is a Participating Insurer for the purposes of this Guideline.

This Guideline does not apply to:

- any reinsurer in respect of claims under a contract of reinsurance,
- any insurer in respect of which a winding-up order has been made under the Winding-up and Restructuring Act (Canada), or
- the Motor Vehicle Accident Claims Fund.

Designation of Central Processing Agency – SABS s. 64 (7)

Health Claims for Auto Insurance Processing is the CPA for the purposes of this Guideline and s. 64 (7) of the SABS. Health Claims for Auto Insurance Processing is a not-for-profit Ontario corporation established and funded by the insurance industry and operated by a board of directors that includes representatives of the insurance industry and health care communities.

The primary role of the CPA is to act as the agent of insurers to receive specified documents on their behalf; to confirm that the documents are duly completed and contain all of the information required to be included in them; and to then make the documents available for access by the insurers to whom they are addressed. The CPA also acts as an intermediary for the purpose of enabling insurers to communicate information such as claims approval and payment decisions electronically to those health care goods and services providers who wish to receive such communications electronically through the CPA.

The CPA is also expected to be a primary source of the information that automobile insurers will be required (under s. 101.1 of the Insurance Act) to provide to the Superintendent of Financial Services, concerning claims for goods and services for which automobile insurers are liable under contracts of automobile insurance.

Invoices For Goods And Services That Are Subject To This Guideline – SABS s. 49

Any invoice for goods or services specified in Appendix 2 of this Guideline for the purposes of s. 49 of the SABS must be in the form (the Auto Insurance Standard Invoice) approved by the Superintendent of Financial Services in accordance with s. 66 of the SABS.

This requirement applies only if:

- all of the goods or services referred to in the invoice are provided in Ontario by the Participating Provider,
- the invoice is not submitted by the claimant,
- the invoice is submitted by a Participating Provider and is payable to the Participating Provider, and

- payment of the invoice is claimed against a Participating Insurer with respect to a transaction with a Participating Provider.

Where this requirement applies, s. 49 (1) of the SABS prohibits a Participating Insurer from paying any invoice that is not in the approved form, does not include all of the information required by the approved form, or is not sent to the CPA as required by this Guideline.

Participating Providers are to invoice Participating Insurers for goods or services specified in Appendix 2 separately from goods or services not specified in Appendix 2. Similarly, Participating Providers are to invoice Participating Insurers for goods or services provided in Ontario separately from goods and services not provided in Ontario.

Documents That Must Be Delivered To The CPA

The following documents are specified for the purpose of s. 64 (7) of the SABS. Each of these documents must be delivered to the CPA (not directly to the insurer to whom it is addressed) in accordance with this Guideline, if it is delivered to a Participating Insurer by a Participating Provider:

OCF-18	Treatment and Assessment Plan – SABS s. 38
OCF-21	Auto Insurance Standard Invoice – SABS s. 49 – but only if this Guideline requires the use of this form for the particular goods or services being billed
OCF-23	Treatment Confirmation Form – SABS s. 40

Please note that with one exception (see * below), a document that this Guideline does not require to be delivered to the CPA, must be delivered directly to the insurer using one of the delivery methods provided for in s. 64 (2) of the SABS.

* An OCF-21 submitted to invoice an insurer only for the completion of a Disability Certificate (OCF-3) may be delivered either to the CPA in accordance with this Guideline, or directly to the insurer, at the option of the Participating Provider.

Section 64 (7) of the SABS provides that a document to which this Guideline applies is deemed not to have been delivered to an insurer unless it is delivered to the CPA as required by this Guideline. If such a document is delivered directly to an insurer instead of the CPA, despite the requirements of this Guideline, the insurer is under no obligation to respond to it, as the document will be deemed not to have been received by the insurer.

How To Deliver Documents To The Central Processing Agency

A document that is required by this Guideline to be delivered to the CPA shall be delivered in either of the following ways:

- (1) Electronic Submission, or
- (2) Paper Submission.

(1) Electronic Submission

The document may be delivered to the CPA in electronic form in a manner that results in it being capable of being retrieved and accessed by the CPA.

Participating Providers are authorized to deliver documents to the CPA electronically as described above, and to access information electronically from the CPA, once they have completed the appropriate enrolment process (see **Enrolment Of Users And Providers** below).

A Participating Provider may elect to enrol for either electronic submission or paper submission, but not both at the same time.

As noted below under **Rules Governing Date of Receipt of Documents By Insurers**, any document delivered to the CPA by a Participating Provider that has not completed this enrolment process will be deemed not to have been received by the insurer, and will not be processed.

(2) Paper Submission

The CPA has established a data entry centre that is equipped to receive paper documents delivered by a Participating Provider in accordance with this Guideline. These documents will be transcribed, validated and submitted electronically from the Data Entry Centre (DEC) to the insurer.

Documents may be delivered to the CPA in paper form, by mail, fax or personal delivery in accordance with ss. 64 (2) (a), (b), (c) or (d) of the SABS if addressed to the CPA's data entry centre as follows:

**HCAI Processing – Data Entry Centre
P.O. Box 254
Orangeville ON L9W 3Z5
Fax number: (866) 346-6744**

Participating Providers are authorized to deliver documents in paper form as described above, once they have completed the appropriate enrolment process (see **Enrolment Of Users And Providers** below).

A Participating Provider may elect to enrol for either electronic submission or paper submission, but not both at the same time.

As noted below under **Rules Governing Date of Receipt of Documents By Insurers**, any document delivered to the CPA's data entry centre by a Participating Provider that has not completed this enrolment process will be deemed not to have been received by the insurer, and will not be processed.

Attachments To Documents That Are Subject To This Guideline

For the purposes of this Guideline, "attachments" means any material (e.g., additional pages, reports, test results) submitted in support of a document to which this Guideline applies.

If a Participating Provider determines that it is necessary to send one or more attachments rather than including in the document itself all information that the sender determines to be desirable or necessary to accomplish its purpose, the following special rules apply:

1. The Participating Provider must specify, in the field provided in the document for that purpose, how many attachments are being delivered.
2. The document itself (but not the attachments) must still be delivered to the CPA (if in electronic format) or the CPA's data entry centre (if in paper form) as described above.
3. The attachments are not to be delivered to the CPA (or the CPA's data entry centre), but instead must be delivered directly to the insurer by one of the delivery methods described in s. 64 (2) of the SABS. Although it is preferable that all attachments be delivered to the insurer at the same time, it is not mandatory to do so.

Please note that any attachment delivered to the CPA or the CPA's data entry centre will be deemed not to have been received by the insurer, and will not be returned, but will be destroyed.

4. The attachments are not to be sent to the insurer before the document is sent to the CPA.
5. Each attachment must be identified with the claimant's name, either the claim number or policy number, the date of the accident, and the document type (i.e., OCF-18, OCF-21 or OCF-23) to which the attachment relates, to enable the insurer to identify the document for which the attachment is intended.

Rules Governing Date of Receipt of Documents By Insurers

Section 64 of the SABS sets out the rules that determine when a document delivered to the CPA as required by this Guideline, is deemed to be received by the insurer to whom it is addressed. Briefly summarized, those rules provide:

1. **Document with no attachments** – is deemed to be received by the insurer to whom it is addressed when the document has been delivered to the CPA in a manner specified in this Guideline, and the CPA has determined that the document is duly completed and contains all information required by the SABS to be included in it.
2. **Document with attachments** – is deemed to be received by the insurer to whom it is addressed when:
 - (a) the document (exclusive of attachments) has been delivered to the CPA in a manner specified in this Guideline, and the CPA has determined that the document is duly completed and contains all information required by the SABS to be included in it; and
 - (b) all of the attachments have been received by the insurer.

The SABS provides (s. 64 (20)) that a document delivered to the CPA by fax, personal delivery or by electronic submission later than 5:00 p.m. Eastern Time is deemed to have been delivered to the CPA on the following business day.

The SABS also provides (s. 64 (10)) that the CPA will be deemed to have determined, on the day a document was delivered to it in a manner specified in this Guideline, that the document is duly completed and contains all information required by the SABS to be included in it, unless the CPA notifies the sender to the contrary, in a manner specified in this Guideline.

For the purposes of s. 64 (10), the manner in which the CPA is to notify the sender is by one of the delivery methods provided for in s. 64 (2) of the SABS. The CPA may also deliver the notification verbally (e.g., by a telephone call or message), provided written confirmation is given as soon as practicable afterwards by one of the delivery methods provided for in s. 64 (2) of the SABS.

As previously noted, the SABS further provides (s. 64 (7)) that a document to which this Guideline applies is deemed not to have been delivered to an insurer unless it is delivered as required by this Guideline. Any document delivered to the CPA (either directly or through its data entry centre) by a Participating Provider that has not completed the enrolment process, is not delivered as required by this Guideline and therefore shall be deemed not to have been delivered to an insurer.

Completion of Documents

A document to which this Guideline applies will be deemed not to have been completed and not to contain all the information required by the SABS to be included in it, unless all fields (other than those that are optional in the circumstances indicated on the form as approved by the Superintendent of Financial Services) are completed as required by this Guideline.

The information in any completed field must comply with the validation rules set out in Appendix 3 of this Guideline.

Where the form specifies the format in which certain information (e.g., a date) is to be provided, the information must be provided in that format.

If the document is delivered in paper form, all completed fields must be legible.

All attachments must be legible.

Codes To Be Used In Submitting Information

The following information shall be provided utilizing the codes specified below:

- To describe injuries and *sequelae*, codes listed in the International Statistical Classification of Diseases and Related Health Problems, 10th Revision, Canadian Enhancement (ICD-10-CA) which is maintained by the Canadian Institute for Health Information and available through www.cihi.ca. An abridgment of the ICD-10-CA list of codes, developed to assist stakeholders in the Ontario automobile insurance system, is available at www.hcaiinfo.ca.
- To describe health interventions, codes listed in the Canadian Classification of Health Interventions (CCI) which is maintained by the Canadian Institute for Health Information and available through www.cihi.ca. An abridgment of the CCI list of codes, developed to assist stakeholders in the Ontario automobile insurance system, is available at www.hcaiinfo.ca.

- To describe provider types, the list of Provider Type Codes is available at www.hcaiinfo.ca.
- To describe payment categories under a Pre-approved Framework, the list of Pre-approved Framework Reimbursement Codes is available at www.hcaiinfo.ca.
- To describe payment categories under the Minor Injury Guideline, the list of Minor Injury Reimbursement Codes available at www.hcaiinfo.ca.
- To describe items billed to automobile insurers by providers that are not covered by the CCI, the list of Goods, Administration, and Other Codes is available at www.hcaiinfo.ca.
- To describe unit measures and for converting minutes to hours, the list of Unit Measure Codes and the Minutes to Hour Conversion Table is available at www.hcaiinfo.ca.

The information at www.hcaiinfo.ca is maintained by Insurance Bureau of Canada in cooperation with the professional associations referred to at www.hcaiinfo.ca/links.asp.

Billing Procedures

a) Purpose

The purpose of this section is to set out rules for submission of the Auto Insurance Standard Invoice (OCF-21) that must be followed by all Participating Providers. This includes describing the information that must be provided on the OCF-21 in order for it to be considered to be duly completed and to include all information required to be included in it within the meaning of s. 67 of the SABS.

b) Frequency of invoicing

An OCF-21 in respect of a Treatment and Assessment Plan (OCF-18) shall not be submitted until no further approved goods or services referred to in the OCF-18 will be rendered. However, where the delivery of the goods or services referred to in an OCF-18 extends over 30 calendar days the Participating Provider may choose to submit an OCF-21 in respect of that OCF-18 once every 30 calendar days.

If treatment is being provided under the Minor Injury Guideline (MIG), a Participating Provider shall not submit an OCF-21 in respect of a treatment Block as referred to in the MIG until completion of the Block. (In the event an insured person changes providers while treatment services are being delivered, the previous provider may submit an OCF-21 for the services delivered prior to the change. However, the amount billed must comply with paragraph 6 ("Changing health practitioners within this Guideline") of the MIG.)

c) Completion of invoices

In order to enable insurers to properly reconcile invoices, a Participating Provider shall not submit an OCF-21 that applies to more than one OCF-18, or to an OCF-18 as well as an OCF-23.

When submitting an OCF-21 a Participating Provider must include the following information:

- If it is alleged that the insurer is required to pay for goods and services in accordance with s. 38 (11) of the SABS (i.e., by reason of the insurer's failure to respond to an OCF-18 within 10 business days of receipt) this must be clearly identified in the "Other Information" section of the OCF-21.
- If a Participating Provider is submitting an OCF-21 for goods and services that are alleged not to require an OCF-18 under ss. 38 (2) or 38 (4) of the SABS, this must be clearly identified in the "Other Information" section of the OCF-21.
- Complete and accurate information regarding other available insurance and health care coverage must be provided in the "Other Insurance" section of the OCF-21.

An OCF-21 that does not include all of the above mandatory information will be deemed to be incomplete and not to include all the information required by the SABS.

d) Duplicate invoices

Re-submission of an OCF-21 that refers in whole or in part to goods or services referred to in an OCF-21 already received by the insurer according to s. 64 (9) of the SABS is not permitted through the HCAI system. Where the Participating Provider wishes to remind the insurer of an outstanding amount, the Participating Provider must contact the insurer directly.

A Participating Provider who repeatedly and/or deliberately submits duplicate OCF-21 forms through the HCAI system may be found by the CPA to be in contravention of the CPA's user terms & conditions (see **Enrolment Of Users And Providers** below). Such contravention may result in suspension, cancellation or revocation of the Participating Provider's access to the HCAI system.

e) Non-approved goods and services

A Participating Provider shall not submit an OCF-21 for goods or services (which includes assessments and examinations) that have not been:

- i. approved by the insurer,
- ii. deemed by the SABS to be payable by the insurer, or
- iii. determined to be payable by the insurer on resolution of a dispute in accordance with ss. 279 to 283 of the Insurance Act.

A Participating Provider who repeatedly and/or deliberately submits OCF-21 forms through the HCAI system contrary to this requirement may be found by the CPA to be in contravention of the CPA's user terms & conditions (see **Enrolment Of Users And Providers** below). Such contravention may result in suspension, cancellation or revocation of the Participating Provider's access to the HCAI system.

f) Recordkeeping

The Participating Provider must keep an original paper version of the OCF-21 with an original authorized signature on file, and must be prepared to give the insurer access to inspect and copy the original signed OCF-21 in accordance with s. 46.2 of the SABS where requested by the insurer.

Requirements For Insurers

Where the SABS requires a Participating Insurer to provide information to the CPA, such information shall be delivered to the CPA in electronic form in a manner that results in it being capable of being retrieved and accessed by the CPA.

The information referred to in s. 49 (3) of the SABS concerning the processing of an invoice must be provided to the CPA within five business days after the invoice has been processed by the Participating Insurer.

The information referred to in s. 64 (13) of the SABS concerning any other document to which this Guideline applies must be provided to the CPA within five business days after the document has been processed by the Participating Insurer.

The information referred to in s. 64 (14) of the SABS concerning receipt of attachments must be provided to the CPA within five business days after the last attachment has been received by the Participating Insurer.

The deadlines referred to above are independent of, and not to be confused with, the deadlines within which an insurer is to process and respond to a document as set out in the SABS.

A Participating Insurer that has completed the enrolment process as an Insurer (see **Enrolment of Users And Providers** below), is authorized to deliver information to the CPA electronically and to access from the CPA information that has been delivered to the CPA by a Participating Provider.

Enrolment Of Users And Providers

Before submitting information to, or receiving information from the CPA, a provider, facility or insurer that is a Participating Provider or Participating Insurer shall enrol with the CPA and agree to its user terms and conditions. As noted above, providers and facilities may elect to enrol for either paper submission or electronic submission, but not both at the same time. The user terms and conditions may include commercially reasonable provisions to address responsibilities including confidentiality, security, liability, access, and data integrity.

Temporary Suspensions Of This Guideline

In the event that the CPA becomes unable (e.g., by reason of temporary technical issues) to properly carry out its obligations to providers, facilities or insurers, the Superintendent of Financial Services may temporarily suspend the operation of this Guideline.

The Financial Services Commission of Ontario will post notice of any suspension and subsequent resumption of operation of this Guideline on its website (www.fsco.gov.on.ca).

During the period of any such suspension, the requirements of this Guideline do not apply and documents are instead to be delivered directly to insurers using one of the standard delivery methods provided for in s. 64 (2) of the SABS.

**Ligne directrice de décembre 2011 concernant le
Système de demandes de règlement
pour soins de santé liés à l'assurance-automobile**

Décembre 2011

Ligne directrice du surintendant n° 03/11

Ligne directrice de décembre 2011 concernant le Système de demandes de règlement pour soins de santé liés à l'assurance-automobile**Introduction**

La présente ligne directrice remplace la Ligne directrice de septembre 2010 concernant le Système de demandes de règlement pour soins de santé liés à l'assurance-automobile – Ligne directrice du surintendant n° 07/10 Ligne directrice publiée en septembre 2010. Elle s'applique en vertu du paragraphe 268.3 (1) de la *Loi sur les assurances* et aux fins des paragraphes 49 (1) et 67 (7) de l'*Annexe sur les indemnités d'accident légales – en vigueur dès le 1^{er} septembre 2010* (AIAL).

La présente ligne directrice s'applique aux documents qui y sont énumérés et qui sont signifiés le **1^{er} décembre 2011, ou après ce jour**, quelle que soit la date de l'accident auquel ils se rapportent.

Un document visé par la présente ligne directrice qui, auparavant, aurait été envoyé directement à un assureur assujéti à la ligne directrice, devra désormais être envoyé à un bureau central de traitement (BCT) établi par les assureurs pour recevoir ces documents en leur nom.

La présente ligne directrice précise :

- les assureurs, établissements de soins de santé (« établissements ») et fournisseurs de soins de santé (« fournisseurs ») assujettis à la Ligne directrice et dans quelles circonstances;
- les documents devant être remis au BCT et les circonstances dans lesquelles ils doivent l'être;
- la manière dont ces documents peuvent être remis au BCT;
- la manière dont les assureurs doivent fournir des renseignements au BCT; et
- les processus de facturation.

Assureurs et fournisseurs assujettis à la présente Ligne directrice

La présente ligne directrice s'applique uniquement aux transactions entre un fournisseur participant et un assureur participant, tels que définis ci-dessous, en ce qui concerne une demande d'indemnités en vertu de l'AIAL au titre d'une police de responsabilité automobile émise en Ontario.

Fournisseurs participants

La Commission des services financiers de l'Ontario continuera à conserver et tenir à jour périodiquement une liste des établissements/fournisseurs de soins de santé (ou des bureaux locaux de ces derniers) qui participent au Système de demandes de règlement pour soins de santé liés à l'assurance-automobile (DRSSAA) (la « liste des participants au Système DRSSAA ») et des dates de début de leur participation. Se reporter à l'annexe 1 pour savoir comment obtenir des exemplaires de la liste des fournisseurs participants au Système DRSSAA en vigueur à un moment donné.

Aux fins de la présente ligne directrice, chaque bureau local désigné d'un établissement identifié et chaque fournisseur exerçant ses activités dans un bureau local désigné d'un établissement identifié sont des fournisseurs participants.

Assureurs participants

La présente ligne directrice s'applique à tous les assureurs autorisés en Ontario à traiter des demandes d'indemnités en vertu de l'AIAL au titre d'une police de responsabilité automobile émise en Ontario. Chaque assureur est un assureur participant aux fins des ligne directrice.

La présente ligne directrice ne s'applique pas aux personnes ou entités suivantes :

- un réassureur, pour des demandes d'indemnités découlant d'un contrat de réassurance;
- un assureur au sujet duquel une ordonnance de liquidation a été rendue en vertu de la *Loi sur les liquidations et les restructurations* (Canada);
- le Fonds d'indemnisation des victimes d'accidents de véhicules automobiles.

Désignation du bureau central de traitement – AIAL, par. 64 (7)

Health Claims for Auto Insurance Processing est le bureau central de traitement aux fins de la présente ligne directrice et du par. 64 (7) de l'AIAL. Il s'agit d'une société ontarienne sans but lucratif établie et financée par l'industrie des assurances et exploitée par un conseil d'administration composé de représentants du secteur de l'assurance et du milieu de la santé.

Le BCT joue principalement le rôle d'agent pour les assureurs. Il est chargé de recevoir certains documents en leur nom, de vérifier si les documents sont dûment remplis et renferment tous les renseignements exigés, et de les remettre aux assureurs auxquels ils sont adressés. Il agit également comme intermédiaire pour permettre aux assureurs de transmettre électroniquement les renseignements concernant, notamment, l'approbation des demandes de règlement et les décisions de paiement aux fournisseurs de biens et services de nature médicale qui souhaitent recevoir ces renseignements électroniquement par son entremise.

On s'attend également à ce que le BCT soit la source principale des renseignements que les compagnies d'assurance-automobile devront, conformément à l'article 101.1 de la *Loi sur les assurances*, fournir au surintendant des services financiers concernant les demandes de règlement relatives aux biens et services qu'elles sont tenues de fournir en vertu des contrats d'assurance-automobile.

Factures pour les biens et services visés par la présente ligne directrice – AIAL, art. 49

Toute facture se rapportant aux biens ou services désignés à l'annexe 2 de la présente ligne directrice aux fins de l'art. 49 de l'AIAL doit être rédigée selon la formule (la Facture d'assurance-automobile standard) approuvée par le surintendant des services financiers, conformément à l'article 66 de l'AIAL.

Cette exigence s'applique uniquement si :

- tous les biens ou services mentionnés sur la facture sont fournis en Ontario par le fournisseur participant;
- la facture n'est pas présentée par le demandeur;
- la facture est présentée par un fournisseur participant et est payable à ce dernier;
- le paiement de la facture présentée à un assureur participant porte sur une transaction avec un fournisseur participant.

Lorsque cette exigence s'applique, le paragraphe 49 (1) de l'AIAL interdit à un assureur participant de payer une facture qui n'est pas rédigée selon la formule approuvée, ne renferme pas tous les renseignements exigés ou n'est pas envoyée au BCT comme l'exigent la présente ligne directrice.

Les fournisseurs participants doivent présenter aux assureurs participants des factures séparées pour les biens et services désignés à l'annexe 2 et pour ceux qui ne le sont pas. Ils doivent également leur présenter des factures séparées pour les biens et services dispensés en Ontario et pour ceux qui ne le sont pas.

Documents qui doivent être remis au BCT

Les documents suivants sont désignés aux fins du paragraphe 67 (7) de l'AIAL. Lorsqu'ils sont présentés par un fournisseur participant à un assureur participant, ils doivent être remis au BCT (et non pas directement à l'assureur auquel ils sont adressés) de la manière précisée dans la présente ligne directrice :

FDIO-18	Plan de traitement et d'évaluation – AIAL, art. 38
FDIO-21	Facture d'assurance-automobile standard – AIAL, art. 44.1 – mais seulement si la présente ligne directrice exige l'utilisation de cette formule pour les biens et services facturés
FDIO-23	Confirmation du traitement– AIAL, art. 40

À noter que, sous réserve d'une exception (voir ci-après*), un document dont la présentation directe au BCT n'est pas exigée par la présente ligne directrice doit être remis directement à l'assureur d'une manière précisée au paragraphe 64 (2) de l'AIAL.

* Une facture FDIO-21 présentée à un assureur portant uniquement sur la préparation d'un Certificat d'invalidité (FDIO-3) peut être remise au BCT conformément à la présente ligne directrice ou directement à l'assureur, au choix du fournisseur participant.

Le paragraphe 64 (7) de l'AIAL précise qu'un document visé par la présente ligne directrice est réputé ne pas avoir été remis à l'assureur à moins d'être remis au BCT comme l'exige la présente ligne directrice. Si un tel document est remis directement à un assureur, et non au BCT comme l'exige la présente ligne directrice, l'assureur n'est pas tenu d'y répondre car il sera réputé ne pas l'avoir reçu.

Remise des documents au bureau central de traitement

Un document dont la présentation au BCT est exigée par la présente ligne directrice doit être remis à celui-ci de l'une ou l'autre des façons suivantes :

- 1) par voie électronique
- 2) sur papier

1) Remise par voie électronique

Le document peut être remis au BCT par voie électronique, de manière qu'il puisse le récupérer et le consulter.

Les fournisseurs participants sont autorisés à remettre des documents au BCT par voie électronique comme décrit ci-dessus et à accéder aux renseignements électroniques du BCT après s'être inscrits (voir « **Inscription des utilisateurs et des fournisseurs** »).

Un fournisseur participant peut choisir de s'inscrire pour l'un ou l'autre des modes de transmission (électronique ou sur papier), mais pas les deux dans le même temps.

Tel que mentionné dans la section ci-après intitulée « **Règles régissant la date de réception des documents par les assureurs** », tout document remis au BCT par un fournisseur participant non inscrit sera réputé ne pas avoir été reçu par l'assureur et ne sera pas traité.

2) Remise des documents sur papier

Le BCT a mis sur pied un centre de saisie des données, qui est en mesure de recevoir les documents sur papier envoyés par un fournisseur participant conformément à la présente ligne directrice. Ces documents seront transcrits, validés et soumis par voie électronique du centre de saisie des données à l'assureur.

Les documents peuvent être remis au BCT sur papier, par la poste, par télécopie ou en personne conformément aux alinéas 64 (2) a), b), c) ou d) de l'AIAL, s'ils sont adressés au centre de saisie des données du BCT, aux coordonnées suivantes :

HCAI Processing – centre de saisie des données
Case postale 254
Orangeville (Ontario) L9W 3Z5
Télécopieur : (866) 346-6744

Les fournisseurs participants sont autorisés à remettre des documents au BCT sur papier comme décrit ci-dessus après s'être inscrits (voir « **Inscription des utilisateurs et des fournisseurs** »).

Un fournisseur participant peut choisir de s'inscrire pour l'un ou l'autre des modes de transmission (électronique ou sur papier), mais pas les deux dans le même temps.

Tel que mentionné dans la section ci-après intitulée « **Règles régissant la date de réception des documents par les assureurs** », tout document remis au centre de saisie des données du BCT par un fournisseur participant non inscrit, sera réputé ne pas avoir été reçu par l'assureur et ne sera pas traité.

Pièces jointes aux documents assujettis à la présente ligne directrice

Aux fins de la présente ligne directrice, le terme « pièces jointes » s'entend du matériel (p. ex., pages additionnelles, rapports, résultats de tests) soumis à l'appui d'un document visé par la présente ligne directrice.

Si un fournisseur participant détermine qu'il doit envoyer une ou plusieurs pièces jointes au lieu d'inclure dans le document lui-même tous les renseignements qu'il juge désirables ou nécessaires aux fins voulues, les règles spéciales suivantes s'appliquent :

1. Le fournisseur participant doit préciser, dans le champ prévu à cette fin dans le document, le nombre de pièces jointes remises.
2. Le document lui-même (à l'exclusion des pièces jointes) doit être remis au BCT (s'il est sous forme électronique) ou au centre de saisie des données du BCT (s'il est sur papier) tel que décrit précédemment.
3. Les pièces jointes ne doivent pas être remises au BCT (ou au centre de saisie des données du BCT) mais directement à l'assureur de l'une des deux manières précisées au paragraphe 64 (2) de l'AIAL. Il est préférable de remettre toutes les pièces jointes à l'assureur en même temps, mais cela n'est pas obligatoire.

À noter que toute pièce jointe remise au BCT ou au centre de saisie des données du BCT sera réputée ne pas avoir été reçue par l'assureur, ne sera pas retournée et sera détruite.

4. Les pièces jointes ne doivent pas être envoyées à l'assureur avant que le document n'ait été envoyé au BCT.
5. Chaque pièce jointe doit comporter le nom du demandeur, le numéro de la demande de règlement ou le numéro de la police, la date de l'accident, ainsi que le type de document (à savoir, FDIO-18, FDIO-21 ou FDIO-23) auquel elle se rapporte, afin de permettre à l'assureur d'identifier le document auquel elle appartient.

Règles régissant la date de réception des documents par les assureurs

L'article 64 de l'AIAL énonce les règles qui déterminent quand un document remis au BCT, conformément à la présente ligne directrice, est réputé reçu par l'assureur auquel il est adressé. Brièvement, ces règles prévoient ce qui suit :

1. **Document sans pièce jointe** – est réputé avoir été reçu par l'assureur auquel il est adressé si le document a été remis au BCT de la manière précisée dans la présente ligne directrice, et que le BCT a établi que le document est dûment rempli et qu'il contient tous les renseignements dont l'AIAL exige l'inclusion.
2. **Document avec pièces jointes** – est réputé avoir été reçu par l'assureur auquel il est adressé quand :
 - a) le document (à l'exclusion des pièces jointes) a été remis au BCT d'une manière précisée dans la présente ligne directrice, et que le BCT a établi que le document est dûment rempli et qu'il contient tous les renseignements dont l'AIAL exige l'inclusion;

b) l'assureur a reçu toutes les pièces jointes.

L'AIAL précise (par. 64 (20)) qu'un document remis au BCT par télécopie, en personne ou par voie électronique après 17 heures, heure normale de l'Est, est réputé avoir été remis le jour ouvrable suivant.

L'AIAL énonce également (par. 64 (10)) que le BCT sera réputé avoir établi, le jour où un document lui a été remis d'une manière précisée dans la présente ligne directrice, que le document est dûment rempli et contient tous les renseignements dont l'AIAL exige l'inclusion, sauf s'il avise l'expéditeur, d'une manière précisée dans la présente ligne directrice, que tel n'est pas le cas.

Aux fins du paragraphe 64 (10), le BCT doit aviser l'expéditeur d'une manière précisée au paragraphe 64 (2) de l'AIAL. Il peut également transmettre l'avis verbalement (p. ex., par un appel téléphonique ou un message téléphonique) pourvu qu'une confirmation écrite soit donnée dans les plus brefs délais possibles d'une manière précisée au paragraphe 64 (2) de l'AIAL.

Tel que mentionné précédemment, l'AIAL précise également (par. 64 (7)) qu'un document visé par la présente ligne directrice est réputé avoir été reçu par un assureur uniquement s'il est remis d'une manière précisée dans celles-ci. Un document remis au BCT (directement ou par le biais de son centre de saisie des données) par un fournisseur participant non inscrit n'est pas remis d'une manière précisée dans la présente ligne directrice et, par conséquent, est réputé ne pas avoir été remis à un assureur.

Production des documents

Un document auquel la présente ligne directrice s'applique est réputé non dûment rempli et ne pas contenir tous les renseignements exigés par l'AIAL à moins que tous les champs (autres que les champs qui sont optionnels dans les circonstances indiquées sur le formulaire approuvé par le surintendant des services financiers) ne soient remplis conformément à la présente ligne directrice.

L'information fournie dans un champ doit être conforme aux règles de validation énoncées à l'annexe 3 de la présente ligne directrice.

L'information (p. ex., une date) doit être fournie selon le format précisé dans le formulaire, le cas échéant.

Si le document est remis sur papier, tous les champs remplis doivent être lisibles.

Toutes les pièces jointes doivent être lisibles.

Méthodes de facturation

a) Objet

L'objet de la présente section est de définir les règles pour la présentation de la facture d'assurance-automobile standard (FDIO-21) que doivent suivre tous les fournisseurs participants. On y décrira l'information qui doit être présente sur le formulaire FDIO-21 pour qu'il puisse être considéré comme ayant été dûment rempli et tous les renseignements qu'il doit comporter pour se conformer au sens de l'article 67 de l'AIAL.

b) Fréquence de la facturation

Il ne faut transmettre un formulaire FDIO-21 à l'égard d'un Plan de traitement et d'évaluation (FDIO-18) que lorsque tous les biens ou services mentionnés sur le formulaire FDIO-18 ont été fournis. Toutefois, lorsque la fourniture des biens ou services visés dans un formulaire FDIO-18 se prolonge sur une période de plus 30 jours civils, le fournisseur participant peut opter de transmettre un formulaire FDIO-21 à l'égard de ce formulaire FDIO-18, qu'une fois tous les 30 jours civils.

Si le traitement est dispensé en vertu de la Ligne directrice sur les blessures légères (LDBL), un fournisseur participant ne peut présenter un formulaire FDIO-21 à l'égard d'un bloc de traitement

visé par la LDBL que lorsque le bloc est terminé. (Dans le cas où une personne assurée change de fournisseur pendant que les services de traitement sont en cours, le fournisseur précédent peut présenter un formulaire FDIO-21 à l'égard des services dispensés avant le changement. Toutefois, le montant facturé doit être conforme aux dispositions de l'article 6 (« Changement de praticien de la santé en vertu de la présente ligne directrice ») de la LDBL.)

c) Façon de préparer les factures

Afin de permettre aux assureurs de bien mettre en concordance les factures, un fournisseur participant ne peut présenter un formulaire FDIO-21 qui s'applique à plus d'un formulaire FDIO-18 ou à un formulaire FDIO-18 ainsi qu'un formulaire FDIO-23.

Lorsqu'un fournisseur participant présente un formulaire FDIO-21, il doit inclure les renseignements suivants :

- S'il est allégué que l'assureur est tenu de payer les frais de biens et services, conformément au paragraphe 38 (11) de l'AIAL (à savoir, en raison de l'omission par l'assureur de répondre à un formulaire FDIO-18 dans les 10 jours ouvrables de sa réception), il faut que cela soit clairement identifié dans la section « Autres renseignements » du formulaire FDIO-21.
- Si un fournisseur participant présente un formulaire FDIO-21 à l'égard de biens et services qui sont présumés ne pas exiger de formulaire FDIO-18 en vertu des paragraphes 38 (2) ou 38 (4) de l'AIAL, il faut que cela soit clairement identifié dans la section « Autres renseignements » du formulaire FDIO-21.
- Des renseignements complets et précis concernant les autres assurances disponibles et la couverture des soins de santé doivent être précisés fournis dans la section « Autres assurances » du formulaire FDIO-21.

Advenant qu'un formulaire FDIO-21 ne contienne pas tous les renseignements obligatoires ci-dessus, il sera considéré comme étant incomplet et ne pas inclure tous les renseignements exigés par l'AIAL.

d) Factures en double

Il est interdit de présenter de nouveau, par l'entremise du système DRSSAA, un formulaire FDIO-21 qui fait mention, en totalité ou en partie, de biens ou services mentionnés dans un formulaire FDIO-21 déjà reçu par l'assureur conformément à l'article 64 (9) de l'AIAL. Advenant qu'un fournisseur participant souhaite mentionner un montant en souffrance à l'assureur, il doit communiquer directement avec lui.

Un fournisseur participant qui, à plusieurs reprises et/ou de façon délibérée, transmet des formulaires FDIO-21 en double par l'entremise du système DRSSAA peut être considéré par le BCP comme agissant en violation des conditions imposées aux utilisateurs du BCP (voir « **Inscription des utilisateurs et des fournisseurs** » ci-dessous). Une telle violation peut entraîner la suspension, l'annulation ou la révocation de l'accès du fournisseur participant au système DRSSAA.

e) Biens et services non autorisés

Un fournisseur participant ne peut pas présenter de formulaire FDIO-21 à l'égard de biens ou des services (notamment des évaluations et des examens) qui n'ont pas été :

- i autorisés par l'assureur,
- ii considérés par l'AIAL comme étant payables par l'assureur ou
- iii déterminés comme étant payables par l'assureur à la suite du règlement d'un différend conformément aux art. 279 à 283 de la Loi sur les assurances.

Un fournisseur participant qui à plusieurs reprises et/ou de façon délibérée, transmet des formulaires FDIO-21 par l'entremise du système DRSSAA, contrairement à la présente exigence, peut être considéré par le BCP comme agissant en violation des conditions imposées aux utilisateurs du BCP (voir « **Inscription des utilisateurs et des fournisseurs** » ci-dessous). Une telle violation peut entraîner la suspension, l'annulation ou la révocation de l'accès du fournisseur participant au système DRSSAA.

f) Tenue de dossiers

Le fournisseur participant doit conserver l'original du formulaire FDIO-21 en version papier portant une signature originale autorisée dans le dossier et doit être disposé à le mettre à la disposition de l'assureur qui pourra examiner et faire une copie du formulaire FDIO-21 original signé, conformément à l'article 46.2 de l'AIAL et ce, lorsque l'assureur le demande.

Exigences s'appliquant aux assureurs

Lorsque l'AIAL exige qu'un assureur participant fournisse des renseignements au BTC, ceux-ci doivent être remis au BTC par voie électronique de manière qu'il puisse les récupérer et les consulter.

Les renseignements concernant le traitement d'une facture mentionnés au paragraphe 49 (3) de l'AIAL doivent être fournis au BCT dans un délai d'au plus cinq jours ouvrables après que l'assureur participant a traité la facture.

Les renseignements concernant tout autre document visé par la présente ligne directrice mentionnés au paragraphe 64 (13) de l'AIAL doivent être fournis au BCT dans un délai d'au plus cinq jours ouvrables après que l'assureur participant a traité le document.

Les renseignements concernant la réception des pièces jointes mentionnés au paragraphe 64 (14) de l'AIAL doivent être fournis au BCT dans un délai d'au plus cinq jours ouvrables après que l'assureur participant a reçu la dernière pièce jointe.

Les échéances mentionnées précédemment n'ont aucun lien et ne doivent pas être confondues avec les échéances dont dispose un assureur pour traiter et commenter un document, qui sont énoncées dans l'AIAL.

Un assureur participant inscrit (voir « **Inscription des utilisateurs et des fournisseurs** ») est autorisé à fournir des renseignements au BCT par voie électronique et à obtenir auprès de celui-ci des renseignements qui lui ont été remis par un fournisseur participant.

Inscription des utilisateurs et des fournisseurs

Avant de remettre des renseignements au BCT ou d'obtenir des renseignements du BCT, un fournisseur, un établissement ou un assureur participant doit s'inscrire auprès de celui-ci et accepter les conditions qu'il impose aux utilisateurs. Comme indiqué ci-dessus, les fournisseurs et établissements peuvent choisir de s'inscrire pour un mode de remise sur papier ou par voie électronique, mais pas les deux dans le même temps. Les conditions imposées aux utilisateurs peuvent inclure des dispositions commercialement raisonnables se rapportant à des obligations touchant la confidentialité, la sécurité, la responsabilité, l'accès et l'intégrité des données.

Suspensions temporaires de la présente ligne directrice

Advenant que le BCT est incapable (p. ex., à cause de problèmes techniques temporaires) de s'acquitter adéquatement de ses obligations à l'égard des fournisseurs, des établissements ou des assureurs, le surintendant des services financiers pourrait suspendre temporairement l'application de la présente ligne directrice.

La Commission des services financiers de l'Ontario affichera un avis de suspension et de reprise de l'application des Ligne directrice sur son site Web (www.fsco.gov.on.ca).

Pendant une période de suspension, les exigences des Ligne directrice ne s'appliqueront pas et les documents devront être remis directement aux assureurs de l'une des deux manières de livraison précisées au paragraphe 64 (2) de l'AIAL.

Amending Reg. 909 of R.R.O. 1990

(General)

Note: Regulation 909 has previously been amended. For the legislative history of the Regulation, see the Table of Consolidated Regulations – Detailed Legislative History at www.e-Laws.gov.on.ca.

1. The definition of “Ontario assets” in subsection 1 (2) of Regulation 909 of the Revised Regulations of Ontario, 1990 is amended by striking out “under clause 30 (2) (e)” at the end and substituting “under clause 30 (2) (e) or (e.1)”.

2. Subsection 30 (2) of the Regulation is amended by adding the following clause:

(e.1) despite clause (e), if the pension plan is a designated multi-jurisdictional pension plan and if an agreement referred to in subsection 5.1 (1) of the Act provides for the allocation of the assets of the pension plan in accordance with paragraph 3 of subsection 100 (4) of the Act, allocating the assets in accordance with that agreement;

3. Section 34 of the Regulation is revoked and the following substituted:

34. (1) This section applies if the Guarantee Fund applies to a pension plan with a wind up date of December 8, 2010 or later.

(2) If, when the order is made declaring that the Guarantee Fund applies to the pension plan, the plan's Ontario assets are less than its Ontario wind up liability,

(a) the administrator of the plan shall provide benefits under the plan in accordance with subsection (3); and

(b) on application by the administrator, the Superintendent shall allocate from the Guarantee Fund and pay to the plan sufficient money to provide, together with the Ontario assets, for those benefits.

(3) The administrator shall pay the greater of the following amounts to each person who is entitled on wind up to payment of benefits guaranteed by the Guarantee Fund or to payment of other amounts guaranteed by the Guarantee Fund:

1. The value of the person's contributions to the plan plus interest.

2. The amount calculated using the formula,

$$A + B$$

in which,

“A” is 100 per cent of the benefits and other amounts for the person that are included in the calculation of the plan's Guaranteed Benefit liability, and

“B” is the amount determined in accordance with subsection (4) that is related to all other benefits for the person that are included in the calculation of the plan's Ontario wind up liability.

(4) The amount of the variable “B” for a person is determined as follows:

1. If the plan's Ontario assets are less than or equal to its modified Ontario wind up liability, the amount of the variable “B” is calculated using the formula,

$$C \times D/E$$

in which,

“C” is the amount of the benefits in respect of the person that are included in the calculation of the plan's modified Ontario wind up liability but are not included in the calculation of the plan's Guaranteed Benefit liability,

“D” is the plan's Ontario assets, and

“E” is the plan's modified Ontario wind up liability.

2. If the plan's Ontario assets are greater than its modified Ontario wind up liability but are less than or equal to the sum of its modified Ontario wind up liability plus its liability, if any, for recent benefit improvements, the amount of the variable "B" is calculated using the formula,

$$C + F$$

in which,

"C" has the same meaning as in paragraph 1, and

"F" is the amount calculated using the formula,

$$G \times W/X$$

in which,

"G" is the amount of the benefits in respect of the person included in the calculation of the plan's liability, if any, for recent benefit improvements,

"W" is the amount by which the plan's Ontario assets exceed its modified Ontario wind up liability, and

"X" is the amount of the plan's liability, if any, for recent benefit improvements.

3. If the plan's Ontario assets are greater than its modified Ontario wind up liability plus its liability, if any, for recent benefit improvements, the amount of the variable "B" is calculated using the formula,

$$C + G + H$$

in which,

"C" has the same meaning as in paragraph 1,

"G" has the same meaning as in paragraph 2, and

"H" is the amount calculated using the formula,

$$J \times Y/Z$$

in which,

"J" is the amount, if any, of the benefits described in subsection 47 (2) for the person,

"Y" is the amount by which the plan's Ontario assets exceed the sum of its modified Ontario wind up liability and its liability, if any, for recent benefit improvements, and

"Z" is the amount of the plan's liability for the benefits described in subsection 47 (2).

(5) The Guaranteed Benefit liability of a pension plan is the total liability of the plan for benefits guaranteed by the Guarantee Fund and for other amounts guaranteed by the Guarantee Fund, excluding the amount by which the contributions made by any member, plus interest, for those guaranteed benefits and those other guaranteed amounts exceeds the liability for the member's guaranteed benefits and other guaranteed amounts.

- (6) The modified Ontario wind up liability of the pension plan is the amount calculated using the formula,

$$K - (L + M)$$

in which,

"K" is the plan's Ontario wind up liability,

"L" is the amount of the liability, if any, for recent benefit improvements, and

"M" is the amount of the liability, if any, for benefits described in subsection 47 (2).

(7) The liability, if any, for recent benefit improvements in respect of a pension plan is the liability for any increase to a pension or pension benefit or increase to the value of a pension or pension benefit that became effective within five years before the date of the wind up. However, it does not include any liability for benefits described in subsection 47 (2).

- (8) In this section,

"Guaranteed Benefit liability" means, for a pension plan, the liability described in subsection (5); ("passif rattaché aux prestations garanties")

"liability, if any, for recent benefit improvements" means, for a pension plan, the liability described in subsection (7); ("passif éventuel rattaché aux améliorations récentes des prestations")

"modified Ontario wind up liability" means, for a pension plan, the liability described in subsection (6). ("passif ontarien de liquidation modifié")

34.1 (1) This section applies if the Guarantee Fund applies to a pension plan with a wind up date before December 8, 2010.

(2) If, when the order is made declaring that the Guarantee Fund applies to the pension plan, the plan's Ontario assets are less than its Ontario wind up liability,

- (a) the administrator of the plan shall provide benefits under the plan in accordance with section 34 of this Regulation as it read on December 31, 2011; and
- (b) on application by the administrator, the Superintendent shall allocate from the Guarantee Fund and pay to the plan sufficient money to provide, together with the Ontario assets, for those benefits.

4. (1) Subsections 37 (4), (5) and (6) of the Regulation are revoked and the following substituted:

(4) If the assessment date falls on or after January 1, 2012, the amount of the annual assessment is the greater of \$250 and the amount calculated using the formula,

$$A + B$$

in which,

"A" is the lesser of C and D, where,

"C" is the sum of \$5 for each person who was an Ontario plan beneficiary at the end of the plan fiscal year immediately preceding the assessment date plus the following amounts:

- 1. 0.5 per cent of any portion of the PBGF assessment base that is less than 10 per cent of the PBGF liabilities.
- 2. 1 per cent of any portion of the PBGF assessment base that is 10 per cent or more but less than 20 per cent of the PBGF liabilities.
- 3. 1.5 per cent of any portion of the PBGF assessment base that is 20 per cent or more of the PBGF liabilities, and

"D" is \$300 multiplied by the number of persons who were Ontario plan beneficiaries at the end of the plan fiscal year immediately preceding the assessment date, and

"B" is zero or, if an election under subsection 5 (18) is in effect on the assessment date, 2 per cent of the amount by which E exceeds F, where,

"E" is the amount of the additional liability that would result if, on the valuation date of the last report filed or submitted on or before the assessment date under any of section 3, 4 or 14 for the plan, all plant closure benefits and permanent layoff benefits under the plan were payable for those members in Ontario who, on that date, met the age and service requirements for those benefits, and

"F" is the amount, if any, by which the amount determined under clause (b) in the definition of "PBGF assessment base" in subsection 1 (2) exceeds the PBGF liabilities, both determined as of the valuation date referred to in the definition of "E".

(2) Subsection 37 (13) of the Regulation is revoked and the following substituted:

(13) Despite subsection (4), the amount of the assessment is zero for a pension plan that was established fewer than five years before the assessment date, other than a pension plan that is a successor plan as described in subsection 80 (2) or section 81 of the Act.

(3) Section 37 of the Regulation is amended by adding the following subsection:

(14.1) However, if the assessment date falls on or after January 1, 2012 and before September 30, 2012, an employer is not required to pay the penalty specified in subsection (14) if both of the following conditions are satisfied:
